kappa alpha psi secrets: In Search of Sisterhood Paula J. Giddings, 2009-10-06 In Search of Sisterhood is the definitive history of the largest Black women's organization in the United States, and is filled with compelling, fascinating anecdotes told by the Delta Sigma Theta members themselves, illustrated with rare early photographs of the Delta women. This book contains the story of Delta Sigma Theta Sorority (DST), and details the increasing involvement of Black women in the political, social, and economic affairs of America. Founded at a time when liberal arts education was widely seen as either futile, dangerous, or impractical for Blacks—and especially Black women—DST is, in Giddings's words, a compelling reflection of Black women's aspirations for themselves and for society. Giddings notes that unlike other organizations with racial goals, Delta Sigma Theta was created to change and benefit individuals rather than society. As a sorority, it was formed to bring women together as sisters, but at the same time to address the divisive, often class-related issues confronting Black women in our society. There is, in Giddings's eyes, a tension between these goals that makes Delta Sigma Theta a fascinating microcosm of the struggles of Black women and their organizations. DST members have included Mary McLeod Bethune, Mary Church Terrell, Margaret Murray Washington, Shirley Chisholm, Barbara Jordan, and, on the cultural side, Leontyne Price, Lena Horne, Ruby Dee, Judith Jamison, and Roberta Flack.

kappa alpha psi secrets: The Assassination of Fred Hampton Jeffrey Haas, 2019-11-05 Read the story behind the award-winning film Judas and the Black Messiah On December 4, 1969, attorney Jeff Haas was in a police lockup in Chicago, interviewing Fred Hampton's fiancée. Deborah Johnson described how the police pulled her from the room as Fred lay unconscious on their bed. She heard one officer say, He's still alive. She then heard two shots. A second officer said, He's good and dead now. She looked at Jeff and asked, What can you do? The Assassination of Fred Hampton remains Haas's personal account of how he and People's Law Office partner Flint Taylor pursued Hampton's assassins, ultimately prevailing over unlimited government resources and FBI conspiracy. Fifty years later, Haas writes that there is still an urgent need for the revolutionary systemic changes Hampton was organizing to accomplish. Not only a story of justice delivered, this book spotlights Hampton as a dynamic community leader and an inspiration for those in the ongoing fight against injustice and police brutality.

kappa alpha psi secrets: *Roots to Fruit* Marshall L. Grant Jr., 2012-10-26 This book is a collection of stories that describes the relationships that can exist when we put Jesus Christ first in our lives; and how agape love as described in First Corinthians Chapter Thirteen can shape our values and guide us in making difficult decisions as we interact with others. For all of us, this is a growing process and we must ask God daily for the wisdom, strength and courage to press on for the abundant life that only He can give I truly believe that the teachings and commandments in the Holy Bible can transform our lives if we apply them in our daily living. After reviewing the first drafts of this book, I signed on wholeheartedly to be a part of this exciting adventure. To assist my brother as his editor has been a blessing and a labor of love. This book gives outstanding examples of how faith as the root can lead to love as the fruit. The story titled Alpha and Omega in Chapter Thirteen sums it up. Jesus Christ is indeed The Beginning and The End, The First and The Last in the lives of those who love Him.
