Of all the scriptures, it is said that Gita provides the deepest and most practical knowledge about faith, devotion, surrender, detachment, and a release of expectations and ownership over one's own actions. But like any teaching, time and unqualified minds can distort scriptures like this and misrepresent what is contained within. It is for that purpose that the Lord continuously takes birth on earth in the form of the Guru to revive the true essence of the Gita and to demonstrate the simplicity and power of the divine message of the Lord. One such Master is Paramahansa Sri Swami Vishwananda, and this book is his personal commentary on this timeless knowledge. Included here are over 900 pages of verses, translations, drawings for every chapter, and Paramahansa Vishwananda's extensive commentary. Perfect for the beginner as well as those who have read other commentaries, this is more than just a book. It is a guiding light that can be applied to every day, to every thought, and to every moment.

mahalakshmi stotram pdf: Varshaphal (Annual Predication) S.P. Gour, Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology. Parashar gives more importance to the planets while Jaimini considers the rashis to be more important. Tajik is mainly used in Prashna Shastra and in Varshaphal. Tajik diverts slightly always from the main stream of the traditional methods and employs newer techniques of Astrology. 'Tajik Neelakanthi', of Acharya Neelakantha, which was composed in the 16th century AD, is the base of Tajik Jyotish. This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this. 'Uttar Kalamrit' of Kalidas mentions and describes the computation of Varshaphal dasha which is different from the 'Mudda dasha' of Varshaphal. Apart from this, 'Shat Panchashikha' of Prithyushyas is the established classic of Prashna Shastra, which was composed centuries before 'Tajik Neelakanthi'. Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique. The influence of Greek and Arab culture is clearly seen on the word 'Tajik'. Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia. This exchange introduced some newer techniques to our Vedic Astrology. One of these techniques was Tajik. This has been marked as the beginning of Tajik jyotish. Tajik word does not belong to Sanskrit. There are different opinions regarding this issue. Some scholars consider it to be a distorted form of the word 'Jatak'. Another view is that meaning of Tajik is a horse in Turkish and Persian language. The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik. In any case the influence of Mohammedans on this knowledge is very clear. This is also confirmed by the other words of Tajik, namely mudda, muntha, sahas and the names of the Tajik yogas like Ithasal, Ikkabal, Ishraf, nakta, radda and khallasar etc. Moving at the average speed of 1° per day, Sun completes one round of the Zodiac in one year. For casting the annual horoscope we select the time when Sun reaches the longitude of the natal Sun. The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope. In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope. In other words the annual horoscope is based on the longitude of the natal Sun and not

on the date and time of birth. This also means that the date, day and time of the annual horoscope is generally different from that of the birth horoscope.

mahalakshmi stotram pdf: *Camatkara Candrika* Visvanatha Cakravarti Thakura, 2019-05-05 Srila Visvanatha Cakravarti Thakura, one of the most important saints and teachers of the Gaudiya Vaisnava school, wrote the Sri Camatkara Candrika while residing in Radhakunda and is composed of four stories that took place over five thousand years ago between Yavata and Nandagrama, two villages a few kilometers away. At that time Radharani lived in Yavata and Krishna in Nandagrama. An important key to understanding Sri Camatkara Candrika is that these are not stories of flirtations between boys and girls, but they are stories that must be understood within the concept of transcendence. Krishna is the Supreme Personality of Godhead, the creator of all that exists, and Srimati Radharani is His eternal companion. All others personalities playing a part in these stories are Their eternal companions.

And where did they put those explosive findings? In a sprawling body of goosebumpy and fascinating oral literature called the Upanishads! Intimidated? Don't be! mahalakshmi stotram pdf: The Tenth Incarnation Yogi Mahajan, 2016-10-20 Yogi Mahajan chronicles amazing moments with Shri Mataji during travels and various occasions. Before the play of the flute there was silence. But it did not mean that music was absent. In the same way the Divine was throughout conscious of its awareness. It had a face but it could not see itself, as there was no reflector. As it was alone in solitude, it could not know itself. There had to be another, through which it could be known. Thus the Brahm Chaitanya manifested as the Adi Shakti. The All Pervading had to take a form. The All Pervading Ocean had to limit itself by the shores. The clouds of the All Pervading Brahm Chaitanya drizzled the Chaitanya to give awakening to the universe. - H.H Shri Mataji Nirmala Devi
