on eagles wings pdf: *On Eagles' Wings* David J Cohen, Michael Parsons, 2008-12-18 This is a volume of practical, scriptural, and contemporary essays exploring the idea of strength in weakness in the context of Christian life and ministry. Biblical scholars, theologians, and Christian ministry practitioners have thought about the biblical paradigm of strength in weakness within their own areas of expertise and interest. Biblical scholars encounter the idea of strength in weakness in both Old and New Testament passages that suggest human weakness and divine strength. The people of Israel, a community reliant on grace, exemplify this theme. Mark's portrayal of Jesus Christ indicates that it is in weakness that Christ saves. Paul's paradigm for ministry suggests the same. Theological chapters engage this teaching of strength in weakness as it surfaces in Luther's life, in Calvin's view of prayer, in Barth's theology, and ultimately in the divine dealing with the world. Pastoral theology demonstrates this theme's foundational significance for a suffering church in its mission to the world as well as the theme's importance for preaching the leading of God's people today. Drawing together scholars from fields of biblical studies, systematic theology, and pastoral theology, *On Eagles' Wings* questions the over-emphasis on power in today's church. The authors propose various ways that ministry and mission may be best engaged with a biblical humility and with reliance on God's grace.

The Lectures on Faith were originally prepared as materials for the School of the Prophets in Kirtland, Ohio in 1834 and were included in the Doctrine and Covenants from 1835 to 1921. Although the Lectures on Faith have never been accepted as revelation by the body of the church (and so were removed from the Doctrine and Covenants in 1921), they contain important doctrinal insights that can help anyone seeking to learn more about faith and come closer to Heavenly Father and Jesus Christ. President Joseph Fielding Smith noted, "I suppose that the rising generation knows little about the Lectures on Faith. . . . on eagles wings pdf: Command Of The Air General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

on eagles wings pdf: On the Wings of Eagles Christopher Anthony Matthew, 2009-12-14 Gaius Marius (157-86B) was one of the most innovative and influential commanders of antiquity. With Marius in command of its legions, Rome prevailed on the battlefields of North Africa and defeated a two-pronged invasion of the Italian peninsula by 300,000 migrating Germanic tribesmen. The reason for this success was a series of five ground-breaking reforms through which Marius dramatically altered the demographics, recruitment, training and operation of the Roman army. In effect, Marius' reforms changed the Roman military from a service of short-term militia into a professional standing army. This allowed Rome to use the military as an effective tool for military expansion and internal security and laid the foundations for the role of the Roman army for centuries to come. Many of these reforms, however, came at a cost to the stability of the state. This book charts the military implications of Marius' reforms: what they were, why they were made, how they were made, and how they altered the functionality of the Roman military.

on eagles wings pdf: Sons of God Awake Bill Britton, 2016-09-15 In this visionary and ground-breaking book, Bill Britton describes the unfolding revelation of Jesus Christ in His Sons, the corporate Body of Christ on earth, and provides a tantalizing glimpse of a new dimension of ministry not yet fully manifested where the Sons of God will break through the veil of the Holy of Holies into the full experience of Sonship. We know this is true because Jesus, the Pattern Son, has already entered into this realm as our Forerunner, and where Jesus goes, His Sons will follow. In six concise and compelling chapters, the author presents a stunning picture of a ministry without limitation that will be entered into by fully mature Sons of God. This soon-to-be-revealed ministry will operate in a new dimension beyond justification and Holy Spirit baptism, the first two crucial steps; a realm of life and restoration, for which all creation yearns. Jesus Himself, in His deity and humanity, brought a taste of heaven to earth and revealed His plan to share His glory with a Company of Sons conformed to His image. Jesus is the 41st generation from King David in Matthew chapter one. This Company of Sons is the 42nd generation, with whom and through whom He will rule over all things.

on eagles wings pdf: Philippians Linda L. Belleville, 2022-09-29 In this accessible and erudite commentary, the respected New Testament scholar Linda Belleville shows how Paul's letter to the Philippians provides a unique opportunity to see the similarities between the culture of his day and ours and to understand not only what is needed to cope in a hostile society but also to be bold in sharing the sole hope for our global world: knowing Christ and eternal citizenship in heaven. Philippians was written while Paul was imprisoned in the imperial barracks, awaiting the outcome of a life-or-death trial. His most beloved church was facing strong opponents without and selfish division within. Paul's strategy is to remind the church of the reasons to rejoice and forgo selfish opinion differences. There is much cause to rejoice because, despite imprisonment, the gospel had reached the entire imperial guard and emboldened Christians everywhere to boldly proclaim Christ; even if he dies, Paul's ministry of preaching Christ will continue. Yet the Philippians' best exemplar is Christ himself, who, while enjoying his heavenly riches, willingly took on the human condition with its pain, suffering, and death so that they might gain their own heavenly riches.
