Remnant of God: A Seeker's Guide to Spiritual Awakening and Authentic Living

Introduction: Defining the "Remnant" and the Modern Spiritual Landscape

The term "Remnant of God" evokes a sense of something left behind, a precious fragment of a greater whole. In this context, it refers to those individuals who actively seek a deeper connection with the divine, a sense of purpose beyond the material world. It's about recognizing the inherent divinity within ourselves and actively nurturing that connection. We live in a world saturated with information, often prioritizing material success and external validation. This can leave many feeling spiritually disconnected, lost in a sea of distractions, yearning for something more profound and meaningful. This book is for those who feel that yearning, that pull towards something greater, and seek a path to rediscover their inherent spiritual essence. This introduction will establish the framework for our journey, outlining the challenges faced by modern spiritual seekers and introducing the core concepts that will guide our exploration. We'll examine the complexities of the modern spiritual landscape, where diverse paths and beliefs coexist, often creating confusion and uncertainty. This book aims to navigate these complexities, offering a framework for personal spiritual growth that is both practical and deeply meaningful.

Chapter 1: Unveiling the Inner God: Cultivating Your Divine Connection

This chapter delves into the core concept of the inherent divinity within each individual. We are not simply physical beings; we are spiritual beings having a human experience. This inner divine spark is the source of our intuition, our creativity, and our capacity for love and compassion. However, this spark can often be obscured by societal conditioning, limiting beliefs, and the distractions of daily life. We will explore various techniques for uncovering and nurturing this connection, including:

Self-reflection and journaling: Regular introspection is crucial for understanding our thoughts,

feelings, and beliefs, and identifying those that hinder our spiritual growth. Journaling provides a safe space to explore these inner landscapes.

Mindfulness and meditation: These practices help quiet the mental chatter and create space for connection with our inner selves. We will explore various meditation techniques, focusing on techniques that help ground you and cultivate inner peace.

Prayer and contemplation: Communicating with the divine, whether through formal prayer or quiet contemplation, can deepen our connection and foster a sense of peace and surrender.

Nature connection: Spending time in nature has been shown to have profound effects on our mental and spiritual well-being. Connecting with the natural world helps us reconnect with something larger than ourselves.

Chapter 2: Breaking Free from Societal Conditioning: Overcoming Limiting Beliefs

We are profoundly shaped by the societal norms, beliefs, and expectations that surround us. These external influences can often create limiting beliefs that hinder our spiritual growth and prevent us from embracing our true selves. This chapter explores the process of identifying and overcoming these limiting beliefs, including:

Identifying limiting beliefs: Becoming aware of the negative thoughts and beliefs that hold us back is the first step towards overcoming them. We'll explore techniques for identifying these beliefs and challenging their validity.

Challenging limiting beliefs: Once identified, these beliefs need to be actively challenged and replaced with more empowering and positive beliefs.

Affirmations and positive self-talk: Using positive affirmations and self-talk can help reprogram our subconscious mind and foster a more positive self-image.

Reframing negative experiences: Learning to reframe past negative experiences can help us release the emotional baggage that may be hindering our spiritual growth.

Chapter 3: Reconnecting with Nature and Intuition: Listening to Your Inner Voice

Nature offers a powerful source of spiritual nourishment. Connecting with the natural world can help us reconnect with our intuition and deepen our sense of peace and well-being. This chapter explores the importance of nature connection and how to cultivate a stronger connection with your intuition:

Spending time in nature: Regularly spending time outdoors, whether through hiking, gardening, or simply sitting under a tree, can have a profoundly positive impact on our mental and spiritual well-being.

Mindful observation of nature: Practicing mindful observation of nature allows us to appreciate its

beauty and complexity, fostering a sense of awe and wonder.

Developing intuitive awareness: Intuition is a powerful tool for spiritual growth. We will explore techniques for developing and trusting your intuition.

Connecting with natural rhythms: Learning to align with the natural rhythms of the day, the seasons, and the lunar cycles can help us to live more in harmony with ourselves and the natural world.

(Chapters 4-7 would follow a similar structure, detailing practical techniques and exercises related to meditation, service, navigating challenges, and building community. Each chapter would be approximately 200-300 words in the complete book.)

Conclusion: Integrating Spiritual Practices into Daily Life

This concluding chapter emphasizes the importance of integrating spiritual practices into daily life, making them a natural and consistent part of your existence rather than an occasional activity. We'll discuss maintaining momentum, addressing setbacks, and continuing to nurture your spiritual growth over time. The journey of spiritual awakening is not a destination but an ongoing process of self-discovery. Embracing this journey with openness, patience, and self-compassion is key to experiencing its transformative power.

remnantofgod org: *The Jesus Cult* Gary C. Price, 2001-10-01 The Jesus Cult is not a book for everyone. It is written for those both inside and outside the Christian camp who diligently seek the truth and liberation that comes from the True and Living God. This book takes the reader into the spiritual depths of the Holy Scriptures to expose the true spirit behind the deception propagated by religious leaders in the church throughout the ages. The reader of this book will get an understanding of the deception of the devil since before the time of Adam and Eve and how this spirit of deception has infiltrated the church. It is not a text for the weak or feeble; only the sharp and discerning will be able to 'hang on' as Pastor Gary C. Price unveils the internal make-up of Christendom around the globe. Sadly, it is glaringly apparent that multitudes of well-meaning Christians and spiritual zealots are bowing down to religious teaching and traditions that keep them soulish and bound to this present world. By exposing this deception, my prayer is that every reader will repent and turn away from this destructive system and onto a Spirit-led journey to establish a true and intimate relationship with Jesus Christ. Throughout the pages of this book you will see your life depicted in one way or another. The Jesus Cult not only reveals the spirit of deception, but also provides Biblical answers for the way of escape. The only way is through Jesus Christ. People, it's time to come out of every facet of the world. For too long, we have trusted in all of these worldly systems, from religion and government, to industry and commerce, to no avail. We must begin, today, to rid ourselves of the soulish anchors that bind us to the religious spirit of the Antichrist. Pastor Price's revelation of The Jesus Cult is bold, courageous and uncompromising. His labor 'in the Word and prayer' before the Throne of God has forged in him a prophetic voice to send a clarion call to God's remnant-wherever they reside throughout all the earth. Have no doubt about it; this book is inspired by the Holy Ghost! Through practical, real-life and everyday experiences the Spirit of God began to open the eyes of this shepherd. As Pastor Price met people on the streets of Atlanta, and dialogued with those who sit on church pews every Sunday, the devil's master scheme of deception was clearly exposed. Once he saw the true light, he has never wavered from preaching an end-time message of truth and power. As men and women have encountered the original Gospel of Jesus Christ, they have come out of these religious settings burdened down with demonic weights that plague their souls. They emerge still bound, hurt, and in need of intense deliverance. I have seen the effects of the Jesus Cult on too many of God's people to question its validity and reality in our culture. I am thankful for the impact that this book will have on your life as well. Jesus comes to set the captive free!

remnantofgod org: A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of

Rome against Humanity and the Human Spirit A.S., 2014-01-13 'A Corrupt Tree' is a unique, extensively researched, four volume exposé of the dark side of the Church of Rome. It reveals that for nearly two thousand years the Church's fundamental characteristic has been its self-serving abuse of religio-corporate power. A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes. Included, are those who were immature, capricious, corrupt, lascivious, fanatical, senile, truly mad, megalomaniac, tyrannical, murderous, and wholesale killers. It confirms that for many, many centuries the popes were corrupt, cruel, inhumane, and despotic. In an age of savagery they were the leaders in barbarity; in the subsequent age of enlightenment they have persistently resisted the march of progress. Additionally, the popes were wholesale killers who 'made the principle of assassination a law of the Christian Church.' Accordingly, the Church 'has shed more innocent blood than any other institution that has ever existed among mankind.' Here also are presented the cupidity, corruption, and sexual misconducts of lesser ecclesiastics, including cardinals, bishops, priests, monks and nuns. Pope Honorius III, for example, described his priests as 'worse than beasts wallowing in their dung.' The Church's ruthless stranglehold on knowledge and learning is catalogued in detail. Mathematics, philosophy and science were repressed. Selected, applied theology ruled the world. 'Everything was explained, but nothing was understood.' The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape. A large number of writings which eventually became classics of European culture were condemned and prohibited. The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular. Many of these men were annihilated. Holy books were burned in large numbers – particularly the Jewish Talmud. It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years. 'Century after century passed away, and left the peasantry but little better than the cattle in the fields.' Finally, the unholy behaviours of the numerous popes, cardinals, and lesser ecclesiastics are shown to establish, unequivocally, that the Church of Rome is neither holy nor apostolic. The ultimate message of these volumes is that to become an exemplary institution, and to play a truly humane role in the world's future, the Catholic Church must change.

Nick Redfern, 2011-12-22 The author "with a knack for ferreting out all the dope on outrageous subjects" takes you into covert facilities that research today's modern mysteries (Jim Marrs, bestselling author of *Alien Agenda*). Area 51, Hangar 18, the Montauk facility, the Dulce Base, the undersea world of Sanya, HAARP in Alaska, Pine Gap, Fort Detrick, Rudloe Manor, and the Zhitkur underground realm—these are just a few of the select, highly classified installations about which the governments of the United States, Australia, China, Russia, the United Kingdom, and others prefer that we, the general public, remain steadfastly ignorant. And these same governments have excellent reasons for wanting to keep us in the dark. It is at these secret facilities that for decades, clandestine research has reportedly been undertaken into crashed UFOs, deceased alien entities, bizarre creatures and unknown animals, lethal viruses, biological warfare, mind-control experimentation, and much, much more. Whether situated deep under the ocean, far below the ground, or within the heart of remote, fortified desert locales, these and many other super-secret places are guarded with a near paranoid zeal by those in power who wish to keep their secrets buried and locked far away from prying eyes. remnantofgod org: The Babylon Complex Erin Runions, 2014-04-03 Babylon is a surprisingly multivalent symbol in U.S. culture and politics. Political citations of Babylon range widely, from torture at Abu Ghraib to depictions of Hollywood glamour and decadence. In political discourse, Babylon appears in conservative ruminations on democratic law, liberal appeals to unity, Tea Party warnings about equality, and religious advocacy for family values. A composite biblical figure, Babylon is used to celebrate diversity and also to condemn it, to sell sexuality and to regulate it, to galvanize war and to worry about imperialism. Erin Runions explores the significance of these shifts and contradictions, arguing that together they reveal a theopolitics that tries to balance the drive for U.S. dominance with the countervailing ideals and subjectivities of economic globalization.

Examining the confluence of cultural formations, biblical interpretations, and (bio)political philosophies, *The Babylon Complex* shows how theopolitical arguments for war, sexual regulation, and political control both assuage and contribute to anxieties about waning national sovereignty. Theoretically sophisticated and engaging, this remarkable book complicates our understanding of how the Bible affects U.S political ideals and subjectivities.

remnantofgod org: *Beasts of the Earth* E. Fuller Torrey, Robert H. Yolken, 2005-02-03 Humans have lived in close proximity to other animals for thousands of years. Recent scientific studies have even shown that the presence of animals has a positive effect on our physical and mental health. People with pets typically have lower blood pressure, show fewer symptoms of depression, and tend to get more exercise. But there is a darker side to the relationship between animals and humans. Animals are carriers of harmful infectious agents and the source of a myriad of human diseases. In recent years, the emergence of high-profile illnesses such as AIDS, SARS, West Nile virus, and bird flu has drawn much public attention, but as E. Fuller Torrey and Robert H. Yolken reveal, the transfer of deadly microbes from animals to humans is neither a new nor an easily avoided problem. Beginning with the domestication of farm animals nearly 10,000 years ago, *Beasts of the Earth* traces the ways that human-animal contact has evolved over time. Today, shared living quarters, overlapping ecosystems, and experimental surgical practices where organs or tissues are transplanted from non-humans into humans continue to open new avenues for the transmission of infectious agents. Other changes in human behavior like increased air travel, automated food processing, and threats of bioterrorism are increasing the contagion factor by transporting microbes further distances and to larger populations in virtually no time at all. While the authors urge that a better understanding of past diseases may help us lessen the severity of some illnesses, they also warn that, given our increasingly crowded planet, it is not a question of if but when and how often animal-transmitted diseases will pose serious challenges to human health in the future.

These 12-week studies lead participants through books of the Bible and are made up of four basic components: (1) reflection questions help readers engage the text at a deeper level; (2) "Gospel Glimpses" highlight the gospel of grace throughout the book; (3) "Whole-Bible Connections" show how any given passage connects to the Bible's overarching story of redemption, culminating in Christ; and (4) "Theological Soundings" identify how historic orthodox doctrines are taught or reinforced throughout Scripture. With contributions from an array of influential pastors and church leaders, these gospel-centered studies will help Christians see and cherish the message of God's grace on every page of the Bible. The books of Jonah, Micah, and Nahum announce the judgment of God through his prophets—flawed messengers who nevertheless served as vehicles for God's compassion, calling their hearers to repent of their evil, turn from their false gods, and worship the one true God. Over the course of 12 weeks, this study helps readers see the steadfast love, mercy, and patience of the Lord, the deliverer and protector who offers forgiveness to all who turn from their sin and trust in him. remnantofgod org: Profane Egyptologists Paul Harrison, 2017-12-22 It is widely believed that the practice of ancient Egyptian religion ceased with the end of pharaonic culture and the rise of Christianity. However, an organised reconstruction and revival of the authentic practice of Egyptian, or Kemetic religion has been growing, almost undocumented, for nearly three decades. Profane Egyptologists is the first in-depth study of the now-global phenomenon of Kemeticism. Presenting key players in their own words, the book utilises extensive interviews to reveal a continuum of beliefs and practices spanning eight years of community growth. The existence of competing visions of Egypt, which employ ancient material and academic resources, questions the position of Egyptology as a gatekeeper of Egypt's past. Exploring these boundaries, the book highlights the politicised and economic factors driving the discipline's self-conception. Could an historically self-imposed insular nature have harmed Egyptology as a field, and how could inclusive discussion help guard against further isolationism? Profane Egyptologists is both an Egyptological study of Kemeticism, and a critical study of the discipline of Egyptology itself. It will be of value to scholars and students of archaeology and Egyptology, cultural heritage, religion online, phenomenology, epistemology, pagan studies and ethnography, as well as Kemetics and devotees of Egyptian culture.

remnantofgod org: Give Your Heart to Jesus & Seek the Face of God Paris E. Moore, 2018-06-29 I prayed a lot and asked people who understood the importance of prayer to pray for me as I fought to understand the natural and supernatural battle I was fighting. I asked God to give me and my family the information we needed to be well in every area of our lives. Some days were

better than others, but eventually, I became strong enough to walk away from hopelessness and depression and go into the arms of God. He is more real to me now than ever before. I implemented my findings as soon as I understood how to apply them by making changes in manageable ways until I received a breakthrough on a daily basis. Sometimes I had to start over again. I didn't have a medical background, so I went to the Great Physician, our Lord and Savior, to guide me as I embarked on this journey. He is true to His word and was with me every step of the way. To our God, Yahweh, goes the glory!

remnantofgod org: Hitler's Pope John Cornwell, 2000-10-01 The "explosive" (The New York Times) bestseller that "redefined the history of the twentieth century" (The Washington Post) This shocking book was the first account to tell the whole truth about Pope Pius XII's actions during World War II, and it remains the definitive account of that era. It sparked a firestorm of controversy both inside and outside the Catholic Church. Award-winning journalist John Cornwell has also included in this seminal work of history an introduction that both answers his critics and reaffirms his overall thesis that Pius XII fatally weakened the Catholic Church with his endorsement of Hitler—and sealed the fate of the Jews in Europe.

remnantofgod org: Hidden Bible Taboos Forbidden By Organized Christianity James Slobodzien, 2014-05-01 Have you ever wondered about the Mysteries of God's wisdom or the secret to knowledge? Jesus condemned the religious leaders of his day for taking away the "Key to Knowledge," (Luke 11:52). This remarkable article anthology may have accidentally uncovered some of these ancient mysteries that are now considered TABOO - to help you to read and really understand the Bible. Less Could the 7 Pillars or dimensions of Wisdom (Pro. 9:1) possibly be related to the "Key to Knowledge?" Hidden Bible Taboos began as one short essay that just for fun proposed a "7 Dimension Theory of Everything" but several readers encouraged me to continue researching it, and I soon discovered that it is the nature of the Universe for things to exist in 7's. For example, there are 7 types of Matter and 7 forms of Energy in the universe. When we consider "Time," the 7 Day calendar week continues to be universal and immemorial in its observance among all nations and in all times. Space - our earthly physical space is divided up into 7 Continents, 7 Oceans, and 7 Seas. After studying the multiple patterns of 7s in the universe's numerical DNA, I turned my focus to ancient cultures and was shocked to find that in the ancient wisdom writings including Christianity, the number 7 stands for spiritual perfection and divine completeness. For example, the Bible's book of Isaiah mentions the 7 Spirits of God the Father (Isaiah 11:2). The Apostle John mentions the 7 Stars of God the Son (Rev. 1:20), and the Apostle Paul mentions the 7 Gifts of God the Holy Spirit (Rom. 12:6-8). In addition, Zechariah mentions the 7 Eyes of the Lord, which range throughout the earth (Zech. 4:10). This incredible phenomenon of multiples of 7 cannot be explained by chance or human design. It is in these "7 Pillars of God's Wisdom," that I have experienced a paradigm shift that has opened my eyes to see this divine tapestry to gain a better understanding of the Bible. The 7 Dimension articles were written as independent brief essays over a period of 7 years. After receiving comments from many readers over the years (sometimes secretly) a theme became apparent that seemed to be pointing to the fact that these divine truths of the 7 dimensional (7D) biblical patterns of 7 were not being taught by the professional religious leaders of Catholic and Protestant Churches, because they were forbidden by custom or tradition. They are TABOO. This compilation of independent articles indirectly provides a historical overview of the ancient world that leads up to the time of Jesus and the Early Church, and reveals some Taboos related to sex, drugs, violence and racism. The majority of the Taboos in this book however, are not related to ancient mysterious pagan practices. The most significant Taboos in this book are coming from professional church leaders of organized religions of Christianity today who forbid their church members from knowing and practicing what is written in the New Testament, and commanded by Jesus and his Apostles. Hidden Bible Taboos is a collection of these 7D articles that have accidentally uncovered and systematically integrated ancient religious mythologies; archeological mysteries; scientific and historical facts; and End Time prophecies to reveal the Christian Sun-god conspiracy. It is not a formal theological treatise on spirituality and/or religion as it is a work in progress that is

very, very far from perfect. With the above disclaimer to having and/or knowing the absolute truth, I would like to present what I believe to be the 7 dimension (7D) origins of ancient religious knowledge and ageless wisdom that have been passed down to us by our ancestors - So put on your 7D glasses! Dedication: This book is dedicated to Peter Waldo (Founder of the Waldensians) and the 50 million other Christians who were persecuted and slaughtered by the Organized Religion of Christianity (Papacy) in the middle ages and later. Spiritual/Religious Reading Material Warning: The contents of this article anthology may shock and inspire you into developing your spiritual life. Don't let yourself or your friends go without reading this life-changing book!

remnantofgod org: The Remnant Church Ellen G White, 2020-08-30 Explanation In 1934 Elder W. C. White and D. E. Robinson at the Elmshaven office drew together from published and unpublished E. G. White sources materials relating to the church, its organization, authority, unity, and the relationship of workers one to another. The 50 page document which resulted was read by the White Trustees with appreciation, but for reasons not too clear just now, the document at that time was not carried through to publication. It was placed in the document file and has been kept there safely for 38 years, with only occasional reference to it. With the occasion to look at the counsels relating to the church and its authority, this document, during the last few days, has been reviewed. The impression is growing that its publication might well serve the church. The basic premises are clearly enunciated in published sources. Nonetheless, as Ellen White again and again reiterated in sermons, manuscripts and letters basic truths concerning the church and its ministry, the varying statements seem to enrich that which may be read on the subject. For study purposes, in a few copies the lines have been numbered. Any use of unpublished items must for the present be restricted to committee study. Undoubtedly, on consideration they will in time be released for general use. The situation, however, would lead to the request that copies used by the committee be returned to the White Estate until the matters have been properly processed. Ellen G. White Estate. history...The Luciferian Agenda for a New World Order. In it, we learn of the Luciferian roots of Modern Science, as the reader is transported back in time to the insidious origins of modern-day Scientism, the current religion of most scientists today. Through an excursion into the roots of Scientism, Mr. Garrett deftly retraces the historical antecedents of Scientism, echoing back to The Secret Mystery Schools of Kabbalistic, Egyptian Hermeticism, onwards into the true nature of Freemason and Alchemical Occultist, Sir Isaac Newton, and then further into the nefarious Vatican Jesuit Priesthood, whose hidden hand can be linked to the creation of The Illuminati, as well as the current Luciferian New Age Religion. Finally, the serpentine path leads up into modern Freemasonic Luciferian, NASA, and then to The Jesuit Controlled Alien Deception about to take hold of the world. --Christian Chesterfield Ph.D.
