

secrets of omega psi phi

secrets of omega psi phi reveal a rich tapestry of history, culture, and values that have shaped one of the most influential African American fraternities in the United States. Founded in 1911 at Howard University, Omega Psi Phi has played a pivotal role in fostering brotherhood, academic excellence, and community service among its members. This article explores the lesser-known facts, traditions, and principles that define the fraternity's identity and impact. From its founding principles to its famous members and community initiatives, understanding these secrets provides insight into why Omega Psi Phi remains a cornerstone of African American collegiate life. In addition, we will delve into the symbolism, rituals, and ongoing efforts that continue to promote leadership and achievement. The secrets of Omega Psi Phi are not just historical curiosities but living elements that inspire generations.

- History and Founding Principles
- Symbols and Traditions
- Notable Members and Their Contributions
- Community Service and Impact
- Membership and Brotherhood

History and Founding Principles

The secrets of Omega Psi Phi begin with its establishment on November 17, 1911, at Howard University in Washington, D.C. The fraternity was founded by three undergraduate students—Edgar Amos Love, Oscar James Cooper, and Frank Coleman—along with their faculty adviser, Dr. Ernest Everett Just. The founders sought to create an organization committed to the principles of manhood, scholarship, perseverance, and uplift. These core values have guided the fraternity's mission and activities for over a century.

The Founding Vision

The fraternity's founders envisioned a brotherhood that would provide support in academic achievement and personal development for African American men during a time of racial segregation and limited opportunities. Their vision emphasized the cultivation of leadership skills and moral character, which remain central to the fraternity's identity. The fraternity's motto, "Friendship is Essential to the Soul," encapsulates this commitment to lifelong bonds and mutual support.

Historical Milestones

Over the years, Omega Psi Phi has marked several significant milestones, including the expansion of chapters across the United States and internationally. The fraternity was the first to be founded at a

historically black college and university (HBCU), setting a precedent for many other organizations. Understanding these milestones sheds light on the fraternity's enduring legacy and continued relevance.

Symbols and Traditions

The secrets of Omega Psi Phi extend deeply into its rich symbolism and cherished traditions that reinforce its values and heritage. These symbols serve as a unifying force for members and a visual representation of the fraternity's ideals.

The Greek Letters and Their Meaning

The fraternity's name, Omega Psi Phi, is derived from the Greek letters $\Omega\Psi\Phi$. Each letter holds significance related to the organization's principles. Omega (Ω) represents "Greatness," Psi (Ψ) symbolizes "Psychology" or the "Mind," and Phi (Φ) stands for "Friendship." Together, they emphasize the fraternity's focus on intellectual development and brotherly love.

The Coat of Arms and Colors

The fraternity's coat of arms is a heraldic emblem that incorporates symbols such as the lamp of knowledge, an open book, and crossed swords, reflecting scholarship, wisdom, and protection of values. The official colors—royal purple and old gold—are prominently featured in regalia and paraphernalia, symbolizing royalty, strength, and high ideals.

Rituals and Ceremonies

Omega Psi Phi maintains secret rituals and ceremonies that are integral to induction and ongoing membership. While the specifics are closely guarded, these rites emphasize commitment, ethical conduct, and the fraternity's core principles. These traditions foster a deep sense of identity and continuity among members.

Notable Members and Their Contributions

The secrets of Omega Psi Phi are reflected in the extraordinary achievements of its members, who have made significant contributions across various fields such as civil rights, arts, sports, and politics. The fraternity's influence is evident through the accomplishments of its prominent brothers.

Civil Rights Leaders

Several members of Omega Psi Phi played crucial roles in the civil rights movement, advocating for racial equality and social justice. Their leadership helped shape policies and galvanize communities, underscoring the fraternity's commitment to uplift and activism.

Artists, Entertainers, and Athletes

The fraternity boasts a diverse roster of influential figures in entertainment and sports. These members have used their platforms to inspire and empower others, often crediting their fraternity experience as foundational to their success.

Political and Academic Leaders

Omega Psi Phi's emphasis on scholarship has led to a strong presence in academia and government. Many members have held significant political offices, contributed to scholarly research, and served as educators, reflecting the fraternity's dedication to excellence and service.

Community Service and Impact

The secrets of Omega Psi Phi are also visible in its extensive community service programs that address critical social issues. The fraternity's national and local chapters regularly engage in initiatives aimed at improving education, health, and economic opportunities in African American communities.

Educational Programs

Omega Psi Phi sponsors scholarships, mentoring, and tutoring programs designed to promote academic success among youth. These efforts help bridge educational gaps and encourage lifelong learning.

Health and Wellness Initiatives

The fraternity actively participates in campaigns to raise awareness about health disparities affecting African Americans, including heart disease, diabetes, and mental health. These initiatives often include screenings, workshops, and partnerships with health organizations.

Economic Empowerment

Through various programs, Omega Psi Phi supports entrepreneurship, financial literacy, and job readiness. These efforts aim to strengthen economic stability within communities and foster self-sufficiency.

- Scholarship funding and mentorship
- Health awareness campaigns
- Community clean-up and development projects

- Youth leadership and empowerment workshops

Membership and Brotherhood

The secrets of Omega Psi Phi include its rigorous membership process and the lifelong commitment expected of its brothers. Membership is not only a collegiate experience but a continuous journey of personal growth and social responsibility.

Membership Criteria and Process

Prospective members must meet academic standards, demonstrate leadership potential, and embody the fraternity's values. The selection process involves education on the fraternity's history, principles, and expectations, culminating in initiation ceremonies that bond members.

The Meaning of Brotherhood

Brotherhood in Omega Psi Phi transcends college years, fostering networks of support and collaboration throughout members' lives. This bond encourages accountability, mentorship, and collective advancement.

Alumni Involvement

Alumni play a crucial role in sustaining the fraternity's legacy by actively participating in chapter activities, supporting community projects, and guiding new generations. Their involvement ensures that the fraternity's secrets and traditions continue to thrive.

Frequently Asked Questions

What is Omega Psi Phi?

Omega Psi Phi is a historically African American fraternity founded on November 17, 1911, at Howard University. It emphasizes principles of manhood, scholarship, perseverance, and uplift.

Are there any secret rituals in Omega Psi Phi?

Yes, like many fraternities, Omega Psi Phi has private rituals and ceremonies that are known only to initiated members, designed to foster brotherhood and uphold the fraternity's values.

What are some lesser-known symbols of Omega Psi Phi?

Besides the widely recognized symbols like the Greek letters $\Omega\Psi\Phi$ and the lamp, Omega Psi Phi also

uses the African violet flower and the official colors royal purple and old gold, each with symbolic meaning.

How does Omega Psi Phi maintain secrecy among its members?

Omega Psi Phi maintains secrecy through oaths of confidentiality, private meetings, and controlled dissemination of fraternity knowledge, ensuring that certain traditions and rituals remain exclusive to initiated brothers.

What role do Omega Psi Phi's secrets play in its brotherhood?

The fraternity's secrets help build trust, a sense of unity, and a unique identity among members, reinforcing lifelong bonds and commitment to the fraternity's principles.

Can non-members learn about Omega Psi Phi's secrets?

Officially, fraternity secrets are reserved for initiated members only. While general information about the fraternity is public, specific rituals and traditions are kept confidential to preserve their significance and integrity.

Conclusion: Reflecting on the enduring legacy of Omega Psi Phi and its continued importance.

Unveiling the Purple and Gold: A Journey into the Heart of Omega Psi Phi

Introduction: A Legacy of Service and Scholarship

Omega Psi Phi Fraternity, Inc., is more than just a social organization; it's a powerful force for positive change, boasting a rich history and a profound impact on society. Founded on November 17, 1911, at Howard University, it stands as one of the oldest historically Black Greek-letter organizations (HBCGOs). This book aims to explore the fraternity's fascinating journey, its core values, its significant contributions, and its enduring legacy. This is not a book filled with unauthorized revelations of secret rituals; instead, it's a thoughtful examination of the fraternity's public impact and historical significance.

Chapter 1: The Genesis of Omega Psi Phi: A Response to Societal Needs

1.1 The Seeds of Brotherhood: The early 20th century presented unique challenges to African Americans. Segregation, discrimination, and limited opportunities fueled a desire for collective action and mutual support. Four visionary students at Howard University—Edgar A. Love, Oscar J. Cooper, Frank Coleman, and Ernest E. Just—recognized this need. They envisioned a brotherhood that would transcend racial barriers and empower its members to achieve their full potential. Their shared dream of unity, scholarship, and service formed the foundation of Omega Psi Phi.

1.2 The Founding Fathers: Each of the founders played a crucial role in shaping the fraternity's ideals. Edgar A. Love, the fraternity's first Grand Basileus (president), provided crucial leadership. Oscar J. Cooper's organizational skills proved invaluable. Frank Coleman's commitment to scholarship laid the groundwork for the fraternity's academic emphasis. And Ernest E. Just's

dedication to scientific research further solidified the fraternity's intellectual pursuits.

1.3 Contextualizing the Founding: The founding of Omega Psi Phi needs to be understood within the broader context of the early 20th century. The struggle for civil rights, the rise of the NAACP, and the growth of higher education among African Americans all contributed to the fertile ground that allowed Omega Psi Phi to flourish.

Chapter 2: Rituals and Symbolism: Understanding the Purple and Gold

This chapter delves into the symbolism and ritual aspects of Omega Psi Phi. It's important to emphasize here that while specific details of private rituals are not disclosed, the public symbolism and the meaning behind the chosen colors, motto, and emblems are explored. This section provides context and allows readers to better understand the fraternity's ethos.

2.1 The Meaning of Purple and Gold: The colors purple and gold are not merely aesthetic choices; they represent the fraternity's commitment to scholarship and achievement. Purple signifies the achievement of wisdom and learning, while gold represents the attainment of high standards and success.

2.2 The Fraternity's Motto and Emblems: Omega Psi Phi's motto, "Friendship, Scholarship, and Service," encapsulates the fraternity's core values. The fraternity's emblems and symbols further reinforce these values. For example, the three-part crest represents the three cardinal principles.

2.3 The Significance of Ritual: Fraternity rituals, while kept private within the brotherhood, are significant expressions of communal bonds and shared values. They are designed to build camaraderie, foster mutual respect, and strengthen the bonds of brotherhood.

Chapter 3: Notable Members and Their Contributions: A Legacy of Achievement

Omega Psi Phi boasts a remarkable roster of accomplished members who have made significant contributions to various fields. This chapter highlights the achievements of prominent Omega Men and their lasting impact on society.

3.1 Leaders and Activists: The fraternity has produced numerous leaders in politics, civil rights, and social justice. Their involvement in shaping American society is noteworthy.

3.2 Scientists and Scholars: Many Omega Men have excelled in academia and scientific research, making significant contributions to various fields of knowledge.

3.3 Artists and Cultural Icons: The fraternity's membership includes prominent figures in the arts, entertainment, and sports, who have enriched society through their creative talents.

3.4 The Broader Impact: By showcasing the diverse achievements of its members, this section emphasizes the impact of Omega Psi Phi in fostering leadership, innovation, and artistic expression within the African American community and beyond.

Chapter 4: Philanthropic Endeavors: Service to Humanity

Omega Psi Phi has a long and proud history of community service. This chapter explores the various philanthropic initiatives undertaken by the fraternity and its impact on local communities and beyond.

4.1 Community Outreach Programs: Omega Psi Phi chapters across the country engage in numerous community service projects. This section highlights examples of their contributions to education, health, and social welfare.

4.2 National Initiatives: The fraternity also undertakes national initiatives aimed at addressing broader societal issues. This demonstrates its commitment to affecting positive change on a larger scale.

4.3 Measuring Impact: This section showcases the measurable impact of Omega Psi Phi's philanthropic activities, quantifying the positive influence the fraternity has had.

Chapter 5: The Modern Omega Man: Adapting to the Challenges of the 21st Century

The fraternity has faced challenges and adapted over the years, maintaining its relevance in a constantly evolving world.

5.1 Navigating Change: Omega Psi Phi demonstrates flexibility and adaptability in its approaches to member engagement, community outreach, and leadership development.

5.2 Modern Initiatives: This section highlights the fraternity's contemporary initiatives, showing how Omega Psi Phi continues to serve its members and communities effectively.

5.3 The Future of Omega Psi Phi: This section speculates on the future directions of the fraternity, highlighting its enduring relevance and its capacity for continued growth and positive impact.

Conclusion: A Legacy of Excellence

Omega Psi Phi's journey from its humble beginnings to its present-day influence is a testament to the

power of brotherhood, scholarship, and service. This book aims to provide a comprehensive, insightful, and respectful overview of this significant fraternity.

Christopher Hodapp, Alice Von Kannon, 2011-02-04 Entering the world of conspiracy theories and secret societies is like stepping into a distant, parallel universe where the laws of physics have completely changed: black means white, up is down, and if you want to understand what's really going on, you need a good reference book. That's where Conspiracy Theories & Secret Societies For Dummies comes in. Whether you're a skeptic or a true believer, this fascinating guide, packed with the latest information, walks you through some of the most infamous conspiracy theories — such as Area 51 and the assassination of JFK — and introduces you to such mysterious organizations as the Freemasons, the Ninjas, the Mafia, and Rosicrucians. This behind-the-curtain guide helps you separate fact from fiction and helps you the global impact of these mysterious events and groups on our modern world. Discover how to: Test a conspiracy theory Spot a sinister secret society Assess the Internet's role in fueling conspiracy theories Explore world domination schemes Evaluate 9/11 conspiracy theories Figure out who "they" are Grasp the model on which conspiracy theories are built Figure out whether what "everybody knows" is true Distinguish an assassination brotherhood from another Understand why there's no such thing as a "lone assassin" Why do hot dogs come in packages of ten, while buns come in eight-packs? Everybody knows it's a conspiracy, right? Find out in Conspiracy Theories & Secret Societies For Dummies.

secrets of omega psi phi: The True Alpha and Omega Minister Jerrod Smith, Brother Clifton

Lucas, 2011-06-20 This book exposes the true nature and culture of fraternities and sororities. In these secret societies there are activities and requirements that cause prospective members and members alike to unknowingly enter into ungodly pacts and covenants. These ungodly practices lead to activities which include physical abuse, fornication, adultery, hatred, envy, strife, manipulation, social and intellectual elitism, abominable sexual activities and witchcraft. These organizations attract people that are looking for something that only Christ Jesus can provide. However, the organizations appear as a light by their community service and networking abilities. This light however is a false light. Once one gets into the inner workings of the organizations, the sin and soul inflicting antics are found deeply rooted in darkness. The authors being former members that participated in ungodly activities within these organizations expose the physical, mental, sexual and spiritual death-dealing activities found in fraternities and sororities. This is by no means a kiss and tell composition, but it is a trying to save people from hell exposition. Actual accounts of sexual requirements, abuse, ancient ungodly spiritual practices, witchcraft, and required chants which denounce the existence of the One True God are given in detail in this book. Ungodly spirits of old have found new vessels to operate in through these fraternities and sororities. The good thing about this book is that it not only exposes spiritual wickedness and old ungodly practices, but it shows people who want to be free how to find God, the Ancient of Days. Let the Truth be told. We encourage you to read this book if you are joining a fraternity or sorority, are a member of one, are a pastor, or have a loved one in one of these organizations. We desire for all to be free and blessed by this book.

secrets of omega psi phi: Race and Ethnicity in Secret and Exclusive Social Orders Matthew W. Hughey, 2015-04-10 Secret and private organizations, in the form of Greek-letter organizations, mutual aid societies, and civic orders, together possess a storied and often-romanticized place in popular culture. While much has been made of these groups' glamorous origins and influence—such as the Freemasons' genesis in King Solomon's temple or the belief in the Illuminati's control of modern geo-politics—few have explicitly examined the role of race and ethnicity in organizing and perpetuating these cloistered orders. This volume directly addresses the inattention paid to the salience of race in secret societies. Through an examination of the Historically Black and White Fraternities and Sororities, the Ku Klux Klan in the US, the Ekpe and Abakuj secret societies of Africa and the West Indies, Gypsies in the United Kingdom, Black and White Temperance Lodges, and African American Order of the Elks, this book traces the use of racial and ethnic identity in these organizations. This important contribution examines how such orders are both cause and consequence of colonization, segregation, and subjugation, as well as their varied roles as both catalysts and impediments to developing personal excellence, creating fictive kinship ties, and fostering racial uplift, nationalism, and cohesion. This book was originally published as a special issue of *Ethnic and Racial Studies*.

secrets of omega psi phi: *African Americans and the Bible* Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans. From literature and the arts to popular culture and everyday life, the Bible courses through black society and culture like blood through veins. Despite the enormous recent interest in African American religion, relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible. *African Americans and the Bible* is the fruit of a four-year collaborative research project directed by Vincent L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts (sixty-eight in all) from a wide range of academic and artistic fields and disciplines—including ethnography, cultural history, and biblical studies as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meaning(s) of the Bible than about the Bible and meaning(s), less about the world(s) of the Bible than about how worlds and the Bible interact—in short, about how a text constructs a people and a people constructs a text. It is about a particular sociocultural

formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

secrets of omega psi phi: Analitikul Cogitationz M'Bwebe Ishangi, 2007-05-11 For nearly fifteen yearz I've attempted 'shock therapy' on the mindz of Afrikan people by challenging us to dispute everything from history to politics, diet to religion, on down to historic African-American organizationz. My quest was and always will be to challenge you; to dare you to face who taught you; to reveal that not everything you may believe now, you had the opportunity to thoroughly investigate. Analitikul Cogitationz is a two-part book. So that you can know the person behind Da Ghetto Tymz magazine, Part 1 (Deja Vu), coverz the first few yearz of my re-awakening to Pan-Afrikan consciousness. In this mini-autobiography, I speak of thingz I went through I once was afraid to speak about. Part 2 is a collection of some of my best perspective articles that appeared in Da Ghetto Tymz magazine from 1993-2006. You may or may not agree with the message I convey, but I hope you will use my arguments as inspiration to further confirm your own beliefs whatever they may be.

secrets of omega psi phi: The American Fraternity Cynthia Robinson, 2018 The American Fraternity is a photobook that provides an intimate and provocative look at Greek culture on college campuses by combining contemporary photographs with scanned pages from a wax-stained 60 year old ritual manual. This book will shed new light on the peculiarities of the fraternal orders which count seventy-five percent of modern U.S. presidents, senators, justices, and executives among their members. These mysterious campus organizations are filled with arcane oaths and ceremonies and this book attempts to capture within its pages some of this dark power--Publisher's website, January 23, 2019.

secrets of omega psi phi: Soul: Secrets of Ultimate Lionology Brenda Isaacs, 2012-12-29 This is the authors second book in six years, the first having been a work of fiction entitled The Baroness of Bakersfield, published in 2006. This one, however, is mostly true, although some names have been changed with respect to confidentiality and privacy issues. SOUL: Secrets of Ultimate Lionology is the authors idea of a smorgasbord, replete with a variegated spread of anecdotes, relationships, snippets and vignettes all related to Brenda Isaacs experiences in the educational arena over the last 30-40 years. Once called a Renaissance Woman by South Bend (IN) Tribune reporter, Frank Ramirez, Isaacs has managed to maneuver through a gauntlet of school connected scenarios including public and private schools, alternative school, Sunday school, college and the library. This tell-all book was written to delight, entertain, support and surprise all fellow educators and their friends across America, and around the world. An interactive book, Isaacs invites readers to give her feedback through social media. She plans to use remarks garnered in a follow-up book.

secrets of omega psi phi: Encyclopedia of African American Society Gerald D. Jaynes, 2005-02-01 Do your students or patrons ever ask you about African Americans in sports? How about African American Academy Award winners? Or perhaps you're asked about more complex social

issues regarding the unemployment rate among African Americans, or the number of African American men on death row? If these questions sound familiar, the Encyclopedia of African American Society is a must-have for your library. This two-volume reference seeks to capture the ways in which the tenets and foundations of African American culture have given rise to today's society. Approaching the field from a street level perspective, these two volumes cover topics of universal interest in America: rap music, sports, television, cinema, racism, religion, literature, and much more. The Encyclopedia of African American Society is also the first comprehensive yet accessible reference set in this field to give voice to the turbulent historical trends—slavery, segregation, separate but equal—that are often ignored in favor of mere facts. This is a definitive, reliable, and accessible entry point to learning the basics about African American society. The encyclopedia is anchored by alphabetically arranged essays on such topics as abolitionism, affirmative action, and the civil rights movement. More than just a who's who, these volumes emphasize social issues and events—those filled with significance and consequence through history. Civil Rights, economic growth, law and justice, and politics—with all of their numerous subcategories—receive substantial coverage. The encyclopedia naturally contains hundreds of articles on notable African Americans (Martin Luther King, Jr., Jackie Robinson, Miles Davis), groundbreaking events (Emancipation Proclamation, Los Angeles Riots), sports and culture (Rap Music, Jazz), and significant heritage sites (Apollo Theater). This much needed two-volume encyclopedia should become a staple in collections at school, public, and academic libraries. Readers of all ages, backgrounds, and ethnic or racial groups will find fascinating material on every page.

Key Features Nearly 700 signed articles Almost 50 photographs Complete list of African Americans in sports Halls of Fame Cross-referenced for easy links from one topic to another Reader's guide facilitates easy browsing for relevant articles Clear, accessible writing style appropriate for high school and college students and interested lay readers Comprehensive index and bibliography

secrets of omega psi phi: Mysteries and Secrets of Numerology Patricia Fanthorpe, 2013-03-09 Do the secrets of life lie hidden in numbers? *Mysteries and Secrets of Numerology* investigates the ancient and widespread belief that numbers have unexplained powers to influence our lives, everything we do, and everything around us, so that, as the brilliant scientist and philosopher Sir James Hopwood Jeans wrote, The Great Architect of the Universe now begins to appear as a pure mathematician. Numerology extends throughout the history of the world - from Pythagoras to the mysteries of ancient Babylonia and India, from Norse runes to Egyptian hieroglyphs and ancient Hebrew Gematria. Names, places, and dates all seem to have mysterious numerological significance. Some are positive and supportive; others appear to be negative and act as warnings. Where does the truth lie? In the face of so much global and historical evidence, and in the light of the power of numbers in nature, science, and technology, the secrets and mysteries of numerology are well worth investigating.

secrets of omega psi phi: Esotericism in African American Religious Experience , 2014-11-06 In *Esotericism in African American Religious Experience: "There is a Mystery" ...*, Stephen C. Finley, Margarita Simon Guillory, and Hugh R. Page, Jr. assemble twenty groundbreaking essays that provide a rationale and parameters for Africana Esoteric Studies (AES): a new trans-disciplinary enterprise focused on the investigation of esoteric lore and practices in Africa and the African Diaspora. The goals of this new field — while akin to those of Religious

Studies, Africana Studies, and Western Esoteric Studies — are focused on the impulses that give rise to Africana Esoteric Traditions (AETs) and the ways in which they can be understood as loci where issues such as race, ethnicity, and identity are engaged; and in which identity, embodiment, resistance, and meaning are negotiated.

secrets of omega psi phi: Black Greek-letter Organizations in the Twenty-First Century

Gregory S. Parks, 2008-06-13 During the twentieth century, black Greek-Letter organizations (BGLOs) united college students dedicated to excellence, fostered kinship, and uplifted African Americans. Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr., Congresswoman Barbara Jordan, novelist Toni Morrison, and Wall Street pioneer Reginald F. Lewis. Despite the profound influence of these groups, many now question the continuing relevance of BGLOs, arguing that their golden age has passed. Partly because of their perceived link to hip-hop culture, black fraternities and sororities have been unfairly reduced to a media stereotype—a world of hazing without any real substance. The general public knows very little about BGLOs, and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations. To foster a greater engagement with the history and contributions of BGLOs, *Black Greek-Letter Organizations in the Twenty-first Century: Our Fight Has Just Begun* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members. Editor Gregory S. Parks and the contributing authors provide historical context for the development of BGLOs, exploring their service activities as well as their relationships with other prominent African American institutions. The book examines BGLOs' responses to a number of contemporary issues, including non-black membership, homosexuality within BGLOs, and the perception of BGLOs as educated gangs. As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena, Louisiana, these organizations still have a vital mission. Both internally and externally, BGLOs struggle to forge a relevant identity for the new century. Internally, these groups wrestle with many issues, including hazing, homophobia, petty intergroup competition, and the difficulty of bridging the divide between college and alumni members. Externally, BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism, sexism, and other types of fear-driven behavior. By embracing the history of these organizations and exploring their continuing viability and relevance, *Black Greek-Letter Organizations in the Twenty-first Century* demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead.

secrets of omega psi phi: The Assassination of Fred Hampton Jeffrey Haas, 2019-11-05

Read the story behind the award-winning film *Judas and the Black Messiah* On December 4, 1969, attorney Jeff Haas was in a police lockup in Chicago, interviewing Fred Hampton's fiancée. Deborah Johnson described how the police pulled her from the room as Fred lay unconscious on their bed. She heard one officer say, He's still alive. She then heard two shots. A second officer said, He's good and dead now. She looked at Jeff and asked, What can you do? *The Assassination of Fred Hampton* remains Haas's personal account of how he and People's Law Office partner Flint Taylor pursued Hampton's assassins, ultimately prevailing over unlimited government resources and FBI conspiracy. Fifty years later, Haas writes that there is still an urgent need for the revolutionary systemic changes Hampton was organizing to accomplish. Not only a story of justice delivered, this book spotlights Hampton as a dynamic community leader and an inspiration for those in the ongoing fight against injustice and police brutality.

secrets of omega psi phi: Mysteries and Secrets: The 16-Book Complete Codex Patricia

Fanthorpe, Lionel Fanthorpe, 2014-11-12 This special 16-book bundle collects fearless investigations into the paranormal from the pens of Lionel and Patricia Fanthorpe, who for several decades been researching and writing about ancient and eternal mysteries. secrets of omega psi phi: The Book of Lies Aleister Crowley, 2022-01-04 The Book of Lies was written by English occultist and teacher Aleister Crowley under the pen name of Frater Perdurabo. As Crowley describes it: This book deals with many matters on all planes of the very highest importance. It is an official publication for Babes of the Abyss, but is recommended even to beginners as highly suggestive. The book consists of 91 chapters, each of which consists of one page of text. The chapters include a question mark, poems, rituals, instructions, and obscure allusions and cryptograms. The subject of each chapter is generally determined by its number and its corresponding Qabalistic meaning.

secrets of omega psi phi: Paul's Use of the Old Testament in Romans 9.10-18 Brian J. Abasciano, 2011-04-21 Brian Abasciano continues his project examining the use of the Old Testament in Romans 9. Abasciano builds upon his forthcoming LNTS volume Paul's Use of the Old Testament in Romans 9.1-9, continuing the project begun in that volume and its intertextual methodology. This method incorporates into a thorough traditional exegesis a comprehensive analysis of Paul's use of Scripture against the background of interpretive traditions surrounding the texts alluded to, with great emphasis placed on analyzing the original contexts of Paul's citations and allusions. Such an intertextual exegesis is conducted in Romans 9:10-33 with an awareness of the broader unit of chapters 9-11 especially, and also the epistle as a whole. Conclusions for the meaning of these passages and their theological significance are drawn. Formerly the Journal for the Study of the New Testament Supplement, this is a book series that explores the many aspects of New Testament study including historical perspectives, social-scientific and literary theory, and theological, cultural and contextual approaches. The Early Christianity in Context series, a part of JSNTS , examines the birth and development of early Christianity up to the end of the third century CE. The series places Christianity in its social, cultural, political and economic context. European Seminar on Christian Origins and Journal for the Study of the Historical Jesus Supplement are also part of JSNTS .

secrets of omega psi phi: In Search of Sisterhood Paula J. Giddings, 2009-10-06 In Search of Sisterhood is the definitive history of the largest Black women's organization in the United States, and is filled with compelling, fascinating anecdotes told by the Delta Sigma Theta members themselves, illustrated with rare early photographs of the Delta women. This book contains the story of Delta Sigma Theta Sorority (DST), and details the increasing involvement of Black women in the political, social, and economic affairs of America. Founded at a time when liberal arts education was widely seen as either futile, dangerous, or impractical for Blacks—and especially Black women—DST is, in Giddings's words, a compelling reflection of Black women's aspirations for themselves and for society. Giddings notes that unlike other organizations with racial goals, Delta Sigma Theta was created to change and benefit individuals rather than society. As a sorority, it was formed to bring women together as sisters, but at the same time to address the divisive, often class-related issues confronting Black women in our society. There is, in Giddings's eyes, a tension between these goals that makes Delta Sigma Theta a fascinating microcosm of the struggles of Black women and their organizations. DST members have included Mary McLeod Bethune, Mary Church Terrell, Margaret Murray Washington, Shirley Chisholm, Barbara Jordan, and, on the cultural side, Leontyne Price, Lena Horne, Ruby Dee, Judith Jamison, and Roberta Flack.

secrets of omega psi phi: *The Sibylline Oracles* Milton S. Terry, 2012 This is the extended and annotated edition including * an extensive annotation of almost 10.000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods. The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and again in the time of Vespasian (A. D. 69), and whatever books were at those dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments of them remain.

secrets of omega psi phi: *Pivot to Win* Jordan Babineaux, 2021-06 Make the Big Plays in Life,

Sports & Business! Insights & inspiration from thought leader, NFL star, sports analyst & entrepreneur Jordan Babineaux. Change is inevitable, but the beautiful thing is that it allows us to reinvent ourselves. Former NFL defensive back Jordan Babineaux has mastered the art of capitalizing on moments of uncertainty and upheaval to reach for the next goal. In *Pivot to Win*, Jordan candidly shares the challenges of rising through the NFL to fulfill a dream he envisioned for himself when he was just a kid. As a pro footballer, Big Play Babs worked relentlessly while keeping an eye out for the inevitable pivot away from football as he approached retirement. Jordan opens up about the jarring reality of leaving the NFL, starting a broadcast career, and becoming an entrepreneur, consultant, and owner of several businesses. Through his story, Jordan shows how all readers can beat the odds to create the life they want. In *Pivot to Win*, Jordan explains: (1) How to cultivate the mentality and determination needed to pivot successfully; (2) Why pivots are hard and what tools you need to persevere; and (3) Why having a *Pivot to Win* Playbook is critical for anyone who desires greatness. Each of us faces numerous pivots every day-it's time to make them work for you. Jordan's message will inspire and resonate with everyone as he shares ideas on his journey to self-mastery. Let Jordan help you make the big plays in life and business.
