A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where Will’s now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother’s gun. He gets on the elevator, seventh floor, stoked. He knows who he’s after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that’s when Will sees that one bullet is missing. And the only one who could have fired Shawn’s gun was Shawn. Huh. Will didn’t know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck’s in the elevator? Just as Will’s trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck’s cigarette. Will doesn’t know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Unabridged (100% Original content) Font adjustments & biography included Illustrated About *The Fall Of The House Of Usher*: By Edgar Allan Poe The story begins with the unnamed narrator arriving at the house of his friend, Roderick Usher, having received a letter from him in a distant part of the country complaining of an illness and asking for his help. As he arrives, the narrator notes a thin crack extending from the roof, down the front of the building and into the lake. Although Poe wrote this short story before the invention of modern psychological science, Roderick's condition can be described according to its terminology. It includes a form of sensory overload known as hyperesthesia (hypersensitivity to textures, light, sounds, smells and tastes), hypochondria (an excessive preoccupation or worry about having a serious illness) and acute anxiety. It is revealed that Roderick's twin sister, Madeline, is also ill and falls into cataleptic, deathlike trances. The narrator is impressed with Roderick's paintings, and attempts to cheer him by reading with him and listening to his improvised musical compositions on the guitar. Roderick sings *The Haunted Palace*, then tells the narrator that he believes the house he lives in to be alive, and that this sentience arises from the arrangement of the masonry and vegetation surrounding it.

tell tale heart activities pdf: Edgar Allan Poe across Disciplines, Genres and Languages Alfonso Amendola, Linda Barone, 2018-01-23 This collection of essays, which rediscovers Edgar Allan Poe’s not forgotten lore, comprises a two-headed scholarly body, drawing from communication and linguistics and literature, although it also includes many other academic offshoots which explore Poe’s labyrinthine and variegated imagination. The papers are classified according to two main domains, namely: (I) Edgar Allan Poe in Language, Literature and Translation Studies, and (II) Edgar Allan Poe in Communication and the Arts. In short, this book combines rigour and modernity and pays homage, with a fresh outlook, to Poe’s extra-ordinary originality and brilliant weirdness which prompted renowned authors like James Russell Lowell and Howard P. Lovecraft to claim, respectively, that “Mr. Poe has that indescribable something which men have agreed to call genius” and that “Poe’s tales possess an almost absolute perfection of artistic form which makes them veritable beacon lights in the province of the short story. Poe’s weird tales are alive in a manner that few others can ever hope to be.”

tell tale heart activities pdf: A Million Little Pieces James Frey, 2004-05-11 NATIONAL BESTSELLER • A gripping memoir about the nature of addiction and the meaning of recovery from a bold and talented literary voice. “Anyone who has ever felt broken and wished for a better life will find inspiration in Frey’s story.” —People “A great story.... You can't help but cheer his victory.” —Los Angeles Times Book Review By the time he entered a drug and alcohol treatment facility, James Frey had taken his addictions to near-deadly extremes. He had so thoroughly ravaged his body that the facility’s doctors were shocked he was still alive. The ensuing torments of detoxification and withdrawal, and the never-ending urge to use chemicals, are captured with a vitality and directness that recalls the seminal eye-opening power of William Burroughs’s *Junky*. But *A Million Little Pieces* refuses to fit any mold of drug literature. Inside the clinic, James is surrounded by patients as troubled as he is—including a judge, a mobster, a one-time world-champion boxer, and a fragile former prostitute to whom he is not allowed to speak—but their friendship and advice strikes James as stronger and truer than the clinic’s droning dogma of *How to Recover*. James refuses to consider himself a victim of anything but his own bad decisions, and insists on accepting sole accountability for the person he has been and the person he may become—which runs directly counter to his counselors' recipes for recovery. James has to fight to find his own way to confront the consequences of the life he has lived so far, and to determine what future, if any, he holds. It is this fight, told with the charismatic energy and power of *One Flew over the Cuckoo's Nest*, that is at the heart of *A Million Little Pieces*: the fight between one young man’s will and the ever-tempting chemical trip to oblivion, the fight to survive on his own terms, for reasons close to his own heart.
