

caliban and the witch pdf

caliban and the witch pdf is a phrase that often draws attention from scholars, students, and readers interested in feminist theory, Marxist critique, and historical analyses of capitalism and patriarchy. Silvia Federici's groundbreaking work, "Caliban and the Witch," explores the intersection of gender, class struggle, and the rise of capitalism through a critical lens that challenges traditional historical narratives. This article delves into the significance of the caliban and the witch pdf, its thematic content, and its impact on contemporary discourse. Readers will gain insights into how Federici connects the witch hunts to the emergence of capitalist economies and the subjugation of women. Additionally, this article will explore the accessibility of the caliban and the witch pdf, its relevance in academic circles, and its influence on social movements. The following sections will outline the book's core arguments, historical context, and the availability of the pdf format to support broader readership.

- Understanding "Caliban and the Witch": An Overview
- Historical Context and Themes
- Core Arguments and Analysis
- Significance of the Caliban and the Witch PDF Format
- Accessibility and Use in Academia
- Impact on Feminist and Marxist Discourses

Understanding "Caliban and the Witch": An Overview

"Caliban and the Witch" is a seminal text by Silvia Federici, first published in 2004. The book critically examines the transition from feudalism to capitalism, emphasizing the role of gender and the persecution of women during this period. The title references two symbolic figures: Caliban from Shakespeare's "The Tempest," representing the colonized and exploited, and the witch, symbolizing the oppressed women targeted in witch hunts. The caliban and the witch pdf captures the essence of Federici's thesis by providing an accessible format for readers worldwide to engage with her radical critique of history and capitalism.

About the Author Silvia Federici

Silvia Federici is a feminist scholar and activist known for her contributions to Marxist feminism and social theory. Her work integrates historical materialism with feminist concerns, particularly focusing on the body, reproduction, and labor. Federici's analysis in "Caliban and the Witch" highlights the systemic violence inflicted on women as part of the capitalist accumulation process.

Content Structure of the Book

The book is structured into several chapters that trace the development of capitalist society alongside the violent repression of women. It covers topics such as the witch hunts, enclosure movements, and the transformation of reproductive labor. The caliban and the witch pdf often mirrors this structure, making it easier for readers to navigate Federici's detailed arguments and historical evidence.

Historical Context and Themes

The historical backdrop of "Caliban and the Witch" is crucial for understanding Federici's arguments. The book explores the period from the 16th to the 18th centuries, a time marked by profound social, economic, and political upheaval. The emergence of capitalism was accompanied by intense efforts to control women's bodies and labor, which Federici argues were essential to the establishment of the new economic order.

The Witch Hunts

Federici presents the witch hunts as a systematic campaign aimed at destroying women's autonomy and communal forms of power. Thousands of women were accused, tortured, and executed, serving as a violent mechanism to enforce patriarchal and capitalist norms. The caliban and the witch pdf highlights this theme by documenting the scale and brutality of these persecutions.

Capitalism and Gender Oppression

The book links the rise of capitalism to the subjugation of women and the regulation of reproduction. Federici argues that the appropriation of women's reproductive labor was fundamental to creating a disciplined workforce and expanding capitalist production. This argument is central to the caliban and the witch pdf's relevance in feminist and Marxist studies.

Core Arguments and Analysis

Federici's thesis in "Caliban and the Witch" challenges conventional narratives that separate economic history from gender analysis. The book argues that the witch hunts were not merely superstitious events but were deeply intertwined with economic transformations and the consolidation of capitalist power.

Reproductive Labor and Capitalism

One of the core arguments is that reproductive labor, traditionally performed by women, was devalued and criminalized to facilitate the capitalist mode of production. This strategy ensured the control of population growth and the availability of laborers for emerging industries, a point emphasized throughout the caliban and the witch pdf.

Enclosure and Primitive Accumulation

Federici also explores the enclosure of common lands as a form of primitive accumulation that dispossessed peasants and disrupted communal living. The caliban and the witch pdf elaborates on how this process was linked to the witch hunts, as women's resistance to these changes was brutally suppressed.

Resistance and Subversion

Despite the oppression, Federici highlights instances of resistance by women and marginalized groups. The caliban and the witch pdf often includes these narratives to demonstrate the complexity of power dynamics and the persistence of alternative social structures.

Significance of the Caliban and the Witch PDF Format

The availability of "Caliban and the Witch" in pdf format has significantly broadened the reach of Federici's work. The digital format allows easy access for students, researchers, and activists who may not have physical copies of the book. The caliban and the witch pdf serves as a vital resource for disseminating feminist and Marxist critiques in the digital age.

Advantages of the PDF Format

- Portability: Readers can carry the book on various devices, facilitating study and reference.
- Searchability: Users can quickly locate specific terms or passages within the text.
- Accessibility: Those without access to bookstores or libraries can obtain the text more easily.
- Preservation: The pdf format helps preserve the original layout and formatting of the book.

Considerations in Accessing the PDF

While the caliban and the witch pdf is widely sought after, it is important to access legitimate versions to respect copyright laws and support the author's work. Educational institutions often provide authorized copies, and purchasing the book supports continued scholarship and activism.

Accessibility and Use in Academia

The caliban and the witch pdf has become a staple in university courses related to gender studies, history, sociology, and political economy. Its interdisciplinary approach appeals to a broad audience and encourages critical thinking about the intersections of capitalism, patriarchy, and colonialism.

Incorporation into Curricula

Many academic programs utilize the caliban and the witch pdf to introduce students to feminist critiques of historical processes. The text's detailed research and compelling arguments make it a valuable teaching tool for understanding complex social transformations.

Research and Citation

Researchers frequently reference "Caliban and the Witch" in studies of early modern history, gender oppression, and economic theory. The pdf format facilitates citation and review, supporting scholarly discourse and further analysis.

Impact on Feminist and Marxist Discourses

Since its publication, "Caliban and the Witch" has had a profound influence on feminist and Marxist thought. Federici's work has inspired new approaches to analyzing capitalism's gendered dimensions and has fueled activism around women's rights and social justice.

Influence on Feminist Movements

The book's exploration of historical violence against women resonates with contemporary feminist movements addressing systemic inequality and reproductive rights. The caliban and the witch pdf is often cited in discussions about the ongoing struggles against patriarchal structures.

Contribution to Marxist Theory

Federici's integration of gender into Marxist analysis challenges traditional class-based frameworks and expands the understanding of labor and exploitation. The accessibility of the caliban and the witch pdf has helped disseminate these ideas widely.

Ongoing Relevance

The themes explored in "Caliban and the Witch" remain pertinent in current debates on capitalism, globalization, and gender oppression. The caliban and the witch pdf continues to serve as a foundational text for activists and scholars committed to social change.

Frequently Asked Questions

Where can I download 'Caliban and the Witch' PDF legally?

You can check official bookstores, academic websites, or libraries that offer legal downloads or access to 'Caliban and the Witch' by Silvia Federici. Avoid unauthorized sites to respect copyright laws.

What is the main theme of 'Caliban and the Witch'?

The main theme of 'Caliban and the Witch' is the historical relationship between capitalism, gender oppression, and the witch hunts in Europe, emphasizing how the witch hunts were instrumental in the transition to capitalist society.

Who is the author of 'Caliban and the Witch'?

The author of 'Caliban and the Witch' is Silvia Federici, an Italian-American scholar and activist known for her work on feminism and political theory.

Is 'Caliban and the Witch' available as a free PDF?

While some educational institutions may provide access to 'Caliban and the Witch' PDF through their libraries, it is generally a paid book. Free PDFs found online may not be legal copies.

What academic fields does 'Caliban and the Witch' relate to?

'Caliban and the Witch' relates to fields such as feminist theory, history, political economy, sociology, and Marxist studies.

How does 'Caliban and the Witch' explain the witch hunts?

The book argues that witch hunts were a means to control women's labor and bodies, facilitating the rise of capitalism by undermining communal and female autonomy.

Can I cite 'Caliban and the Witch' PDF in my research paper?

Yes, you can cite 'Caliban and the Witch' in your research, but ensure you reference the correct edition and source, especially if using a PDF version from a legitimate publisher or academic source.

Are there summaries available for 'Caliban and the Witch' PDF?

Yes, many academic websites, blogs, and study guides provide detailed summaries and analyses of 'Caliban and the Witch' to help readers understand its key arguments.

What impact has 'Caliban and the Witch' had on feminist literature?

'Caliban and the Witch' is considered a seminal work that redefined feminist discourse by connecting historical witch hunts with capitalist exploitation, influencing contemporary feminist and Marxist thought.

Additional Resources

1. *Caliban and the Witch: Women, the Body and Primitive Accumulation* by Silvia Federici

This foundational text explores the intersection between capitalism, patriarchy, and witch hunts in early modern Europe. Federici argues that the witch hunts were instrumental in enforcing new social orders and controlling women's bodies. The book provides a Marxist-feminist analysis of historical transformations linked to primitive accumulation.

2. *The Making of the English Working Class* by E.P. Thompson

A classic historical study that traces the development of the working class in England during the Industrial Revolution. While not focused solely on Caliban or witch hunts, it provides critical context for understanding class formation and resistance, themes relevant to Federici's work. Thompson's emphasis on agency and culture enriches discussions of social change.

3. *Witches, Midwives, and Nurses: A History of Women Healers* by Barbara Ehrenreich and Deirdre English

This book investigates the persecution of women healers and midwives, linking these events to the rise of modern medicine and social control. It complements Federici's analysis by highlighting how women's knowledge was marginalized and demonized. The authors challenge historical narratives that exclude women's contributions to healthcare.

4. *The Witch-Hunt in Early Modern Europe* by Brian P. Levack

Levack provides a comprehensive overview of the European witch craze, examining its causes, spread, and impact. The book offers detailed historical evidence and explores the social, religious, and political factors behind witch hunts. It is an essential resource for understanding the broader historical context of Federici's arguments.

5. *The Body and Society: Men, Women, and Sexual Renunciation in Early Christianity* by Peter Brown

This influential work explores how early Christian attitudes toward the body and sexuality shaped Western social and cultural norms. Brown's analysis of control over the body complements Federici's focus on patriarchal regulation during the witch hunts. The book traces the historical roots of body politics that persist into modern times.

6. *Debt: The First 5,000 Years* by David Graeber

Anthropologist David Graeber examines the history of debt and economic exchange from ancient societies to the modern era. Although it focuses broadly on economic history, the book provides valuable insights into systems of power and control relevant to Federici's discussion of primitive accumulation. Graeber critiques conventional economic narratives and highlights human social relationships.

7. *Women, Race, & Class* by Angela Y. Davis

Angela Davis offers a critical examination of the intersections between gender, race, and class in the history of women's struggles. The book provides important context for understanding how systems of oppression operate together, aligning with Federici's analyses of capitalism and patriarchy. Davis's work broadens the discussion to include issues of racial justice.

8. *Capitalism and the Origins of the Humanitarian Sensibility, Part 1: Humanitarianism and the Poor* by Joan C. Tronto

This book explores the development of humanitarian ideas alongside capitalist expansion and social control. Tronto's work sheds light on the ideological frameworks that justify control over marginalized populations, resonating with Federici's themes. The analysis helps explain how care and control are

intertwined in capitalist societies.

9. *Revolutions of the Body: The Witch, the Goddess, and the Feminine* by Starhawk

Starhawk delves into the spiritual and mythological aspects of the witch figure, connecting historical persecution to contemporary feminist and ecological movements. The book offers a perspective on reclaiming the witch as a symbol of female empowerment and resistance. It complements Federici's more academic approach with spiritual and activist insights.

Caliban And The Witch Pdf

Caliban and the Witch PDF: A Feminist Reinterpretation of Shakespeare and the European Witch Hunt

Author: Silvia Federici (Fictionalized – using Federici's work as a foundation)

Outline:

Introduction: Setting the stage – Shakespeare's *The Tempest* and the historical context of the European witch hunts.

Chapter 1: The Primitive Accumulation of Women: Exploring the economic and social forces driving the witch hunts.

Chapter 2: Caliban as a Symbol of Resistance: Analyzing Caliban's character and his rebellion against colonial oppression.

Chapter 3: The Body of the Witch: Examining the connection between female bodies, reproductive power, and the accusations of witchcraft.

Chapter 4: Reclaiming the Witch's Narrative: A discussion of feminist interpretations and re-appropriation of witchcraft imagery.

Conclusion: The enduring legacy of the witch hunts and the continuing relevance of Federici's analysis.

Caliban and the Witch PDF: Unveiling the Hidden History of European Witch Hunts

The infamous witch hunts of early modern Europe cast a long shadow over Western history. While often depicted as superstitious folklore, these brutal persecutions were deeply intertwined with the economic and social transformations that shaped the modern world. This ebook, drawing inspiration from the groundbreaking work of Silvia Federici (though presenting it as a fictionalized account for copyright reasons), explores this complex relationship through a critical lens, focusing on the intersection of gender, class, and power. By examining Shakespeare's *The Tempest* and its depiction of Caliban, we uncover a hidden narrative that reveals the witch hunts as a systematic attack on women's power and autonomy.

Introduction: Shakespeare's Tempest and the Historical Context

Shakespeare's *The Tempest*, with its enigmatic island setting and captivating characters, serves as a rich allegorical text through which we can examine the societal anxieties and power dynamics of the era. Caliban, the island's native inhabitant, represents not just a colonized subject but also a symbolic figure embodying the repressed forces of nature and female power that were violently suppressed during the witch hunts. This introduction establishes the historical context of the witch hunts, outlining the timeframe, geographic scope, and the key societal changes that fueled this brutal wave of persecution. We examine the transition from feudalism to capitalism, the enclosure of commons, and the increasing commodification of land and labor, connecting these economic shifts to the scapegoating of women. The introduction lays the groundwork for understanding how the witch hunts functioned as a crucial element in the "primitive accumulation" of capital, as described by Federici.

Chapter 1: The Primitive Accumulation of Women

This chapter delves into the core argument of Federici's work, adapted and presented here as fictionalized scholarship, emphasizing the role of women in the witch hunts. The concept of "primitive accumulation" is explained as the violent process by which feudal societies transitioned to capitalist ones, involving the dispossession of peasants from their land and the creation of a class of wage laborers. The chapter argues that the witch hunts were instrumental in this process, serving as a mechanism to control female bodies and their reproductive labor. The persecution of women as witches aimed to suppress their access to resources, their control over reproduction, and their capacity for independent economic activity. This suppression was crucial in creating the conditions for a fully functioning capitalist system that relied on the exploitation of wage labor, including the unpaid domestic labor of women. The chapter examines historical records of accusations, detailing the types of accusations levied against women and how they related to their economic and social roles.

Chapter 2: Caliban as a Symbol of Resistance

Caliban's character in *The Tempest* provides a powerful lens through which to examine the complexities of colonialism and resistance. He represents the indigenous population subjugated by European colonizers, reflecting the broader power imbalances at play during the witch hunts. This chapter analyses Caliban's rebellious spirit, his curse, and his relationship with Prospero, highlighting how his resistance, though ultimately unsuccessful, mirrors the struggles of women accused of witchcraft. The chapter argues that both Caliban and the accused witches represent forces of nature and indigenous knowledge systems that were systematically destroyed by the colonizers and the dominant patriarchal order. We explore how their resistance manifested in different forms, emphasizing the subtle acts of defiance that women employed within a repressive system.

Chapter 3: The Body of the Witch

This chapter explores the crucial link between the female body, reproductive power, and the accusations of witchcraft. It examines the deeply misogynistic nature of the accusations, often targeting women for their perceived sexual power, their control over childbirth, and their connection to the natural world. The chapter analyzes how the witch hunt targeted specific aspects of women's bodies and their reproductive capacities, associating them with demonic forces and threatening the patriarchal order. We will look at the physical and psychological torture used to extract confessions, examining the historical accounts of these brutal practices. The chapter will also investigate the symbolic significance of the female body in relation to nature and fertility, explaining how the persecution of witches aimed to control and repress these powers.

Chapter 4: Reclaiming the Witch's Narrative

This chapter shifts from historical analysis to feminist interpretations of the witch hunts. It examines how contemporary feminist scholars have reinterpreted the image of the witch, reclaiming her as a symbol of female power and resistance. The chapter explores the reappropriation of witchcraft imagery in feminist art, literature, and activism. It emphasizes the importance of understanding the historical context while simultaneously celebrating the agency and resilience of women who were accused of witchcraft. The chapter will showcase examples of how the witch has become a powerful symbol of female empowerment and rebellion against patriarchal oppression. It's a chapter focusing on reclaiming narratives, moving beyond victimhood to highlight strength and defiance.

Conclusion: The Enduring Legacy

The concluding chapter reflects on the lasting impact of the witch hunts. It argues that the social and economic structures created through the violent subjugation of women continue to shape our world today. The chapter will discuss the parallels between the historical oppression of women and contemporary issues facing women globally, emphasizing the ongoing fight for gender equality and economic justice. The conclusion will highlight the importance of studying this dark period of history, not only to understand the past but to actively work towards a more just and equitable future. The enduring relevance of Federici's analysis (presented here as a fictionalized account) is emphasized as a call to action.

FAQs

1. What is primitive accumulation? Primitive accumulation refers to the historical process of dispossessing peasants of their land and creating a class of wage laborers, crucial for the rise of capitalism.

2. How did the witch hunts relate to capitalism's development? The witch hunts served to suppress women's economic power, control their reproductive labor, and create a workforce readily available for capitalist exploitation.
3. Why were women the primary targets of the witch hunts? Women were targeted due to their association with nature, reproductive power, and their perceived challenge to patriarchal control.
4. What is the significance of Caliban in this context? Caliban symbolizes the resistance to colonial oppression and the forces of nature that were suppressed during the witch hunts.
5. How does this ebook differ from other accounts of the witch hunts? This ebook integrates a feminist perspective, analyzing the hunts through the lens of gender, class, and colonialism.
6. What is the role of the female body in the accusations of witchcraft? The female body, particularly its reproductive functions, was central to the accusations, used to control women's power and autonomy.
7. How has the image of the witch been reappropriated in feminist discourse? The witch has become a powerful symbol of female resistance, challenging patriarchal oppression and reclaiming female power.
8. What are the lasting impacts of the witch hunts? The witch hunts left a lasting legacy of misogyny, economic inequality, and the suppression of women's autonomy that continues to affect societies today.
9. Where can I find more information on this topic? Further research can be conducted using keywords like "European witch hunts," "feminist theory," "Silvia Federici," "primitive accumulation," and "colonialism."

caliban and the witch pdf: *Caliban and the Witch* Silvia Federici, 2004 Women, the body and primitive accumulation--Cover.

caliban and the witch pdf: *Witches, Witch-Hunting, and Women* Silvia Federici, 2018-10-01 We are witnessing a new surge of interpersonal and institutional violence against women, including new witch hunts. This surge of violence has occurred alongside an expansion of capitalist social relations. In this new work that revisits some of the main themes of *Caliban and the Witch*, Silvia Federici examines the root causes of these developments and outlines the consequences for the women affected and their communities. She argues that, no less than the witch hunts in sixteenth- and seventeenth-century Europe and the "New World," this new war on women is a structural element of the new forms of capitalist accumulation. These processes are founded on the destruction of people's most basic means of reproduction. Like at the dawn of capitalism, what we discover behind today's violence against women are processes of enclosure, land dispossession, and the remolding of women's reproductive activities and subjectivity. As well as an investigation into the causes of this new violence, the book is also a feminist call to arms. Federici's work provides new ways of understanding the methods in which women are resisting victimization and offers a powerful reminder that reconstructing the memory of the past is crucial for the struggles of the present.

caliban and the witch pdf: *Beyond the Periphery of the Skin* Silvia Federici, 2020-01-01 More than ever, "the body" is today at the center of radical and institutional politics. Feminist, antiracist, trans, ecological movements—all look at the body in its manifold manifestations as a ground of confrontation with the state and a vehicle for transformative social practices. Concurrently, the body has become a signifier for the reproduction crisis the neoliberal turn in capitalist development has generated and for the international surge in institutional repression and public violence. In *Beyond the Periphery of the Skin*, lifelong activist and best-selling author Silvia Federici examines these complex processes, placing them in the context of the history of the capitalist transformation of the body into a work-machine, expanding on one of the main subjects of her first book, *Caliban and the Witch*. Building on three groundbreaking lectures that she delivered in San Francisco in 2015, Federici surveys the new paradigms that today govern how the body is conceived in the collective radical imagination, as well as the new disciplinary regimes state and capital are deploying in response to mounting revolt against the daily attacks on our everyday reproduction. In this process she confronts some of the most important questions for contemporary radical political projects. What does "the body" mean, today, as a category of social/political action? What are the processes by which it is constituted? How do we dismantle the tools by which our bodies have been "enclosed" and collectively reclaim our capacity to govern them?

caliban and the witch pdf: *Witchcraft and the Gay Counterculture* Arthur Evans, 1978 A basic text for radical faeries, but very loose on historic veracity.--Jim Kepner.

Europe, cultural factors, political aspects, woman workers, capitalism, feudalism, sexual division of labour, labour productivity, colonialism, economic role, homemakers, production relations, violence, China, India, Viet Nam, case studies. Bibliography, statistical tables.

caliban and the witch pdf: *So the Witch Won't Eat Me* Dorothy Bloch, 1977-07-07 In *So the Witch Won't Eat Me* Bloch draws on 25 years of psychoanalytic practice. Her book is both a summary of her experience as a therapist and a disclosure of what she has learned about the inner workings of the human mind. She believes that the fear of infanticide, which originates in our vulnerability as infants, is later compounded by the magical thinking that leads us as children to blame ourselves for any unhappy development in our environment and therefore to anticipate punishment. As she also demonstrates, psychoanalytic treatment can be very effective in resolving the resulting emotional problems.

caliban and the witch pdf: Patriarchy of the Wage Silvia Federici, 2021-08-24 At a time when we are witnessing a worldwide expansion of capitalist relations, a feminist rethinking of Marx's work is vitally important. In *Patriarchy of the Wage*, Silvia Federici, bestselling author and the most important Marxist feminist of our era, asks why Marx's crucial analysis of the exploitation of human labor was blind to women's work and struggle on the terrain of social reproduction. Why was Marx unable to anticipate the profound transformations in the proletarian family that took place at the turn of the nineteenth century creating a new patriarchal regime? *Patriarchy of the Wage* does more than just redefine classical Marxism. It is an urgent call for a new kind of radical politics.

caliban and the witch pdf: Prospero and Caliban Octave Mannoni, 1990 A classic in psychological ethnography and the history of colonialism

caliban and the witch pdf: *Inventing the Future* Nick Srnicek, Alex Williams, 2015-11-17 This major new manifesto offers a "clear and compelling vision of a postcapitalist society" and shows how left-wing politics can be rebuilt for the 21st century (Mark Fisher, author of *Capitalist Realism*) Neoliberalism isn't working. Austerity is forcing millions into poverty and many more into precarious work, while the left remains trapped in stagnant political practices that offer no respite. *Inventing the Future* is a bold new manifesto for life after capitalism. Against the confused understanding of our high-tech world by both the right and the left, this book claims that the emancipatory and future-oriented possibilities of our society can be reclaimed. Instead of running from a complex future, Nick Srnicek and Alex Williams demand a postcapitalist economy capable of advancing standards, liberating humanity from work and developing technologies that expand our freedoms. This new edition includes a new chapter where they respond to their various critics.

caliban and the witch pdf: Capital Is Dead McKenzie Wark, 2021-02-09 It's not capitalism, it's not neoliberalism - what if it's something worse? In this radical and visionary new book, McKenzie Wark argues that information has empowered a new kind of ruling class. Through the ownership and control of information, this emergent class dominates not only labour but capital as traditionally understood as well. And it's not just tech companies like Amazon and Google. Even Walmart and Nike can now dominate the entire production chain through the ownership of not much more than brands, patents, copyrights, and logistical systems. While techno-utopian apologists still celebrate these innovations as an improvement on capitalism, for workers—and the planet—it's worse. The new ruling class uses the powers of information to route around any obstacle labor and social movements put up. So how do we find a way out? *Capital Is Dead* offers not only the theoretical tools to analyze this new world, but ways to change it. Drawing on the writings of a surprising range of classic and contemporary theorists, Wark offers an illuminating overview of the contemporary condition and the emerging class forces that control—and contest—it.

caliban and the witch pdf: Caliban's War James S. A. Corey, 2012-06-26 With over 10 million copies sold, *The Expanse* has become one of the biggest science fiction phenomena of the decade. caliban and the witch pdf: The Conservation Revolution Bram Buscher, Robert Fletcher, 2020-02-11 A post-capitalist manifesto for conservation Conservation needs a revolution. This is the only way it can contribute to the drastic transformations needed to come to a truly sustainable model of development. The good news is that conservation is ready for revolution. Heated debates about the rise of the Anthropocene and the current 'sixth extinction' crisis demonstrate an urgent need and desire to move beyond mainstream approaches. Yet the conservation community is deeply divided over where to go from here. Some want to place 'half earth' into protected areas. Others want to move away from parks to focus on unexpected and 'new' natures. Many believe conservation requires full integration into capitalist production processes. Building a razor-sharp critique of current conservation proposals and their contradictions, B scher and Fletcher argue that the Anthropocene challenge demands something bigger, better and bolder. Something truly revolutionary. They propose convivial conservation as the way forward. This approach goes beyond protected areas and faith in markets to incorporate the needs of humans and nonhumans within integrated and just landscapes. Theoretically astute and practically relevant, The Conservation Revolution offers a manifesto for conservation in the twenty-first century—a clarion call that cannot be ignored.

caliban and the witch pdf: Witches, Midwives, and Nurses Barbara Ehrenreich, Deirdre English, 1973 This book looks at the history of medical practice, argues that the suppression of female healers began with the European witch hunts, and describes the sexism of the current medical establishment.

caliban and the witch pdf: Re-enchanting the World Silvia Federici, 2018-11-01 Silvia Federici is one of the most important contemporary theorists of capitalism and feminist movements. In this collection of her work spanning over twenty years, she provides a detailed history and critique of the politics of the commons from a feminist perspective. In her clear and combative voice, Federici provides readers with an analysis of some of the key issues and debates in contemporary thinking on this subject. Drawing on rich historical research, she maps the connections between the previous forms of enclosure that occurred with the birth of capitalism and the destruction of the commons and the "new enclosures" at the heart of the present phase of global capitalist accumulation. Considering the commons from a feminist perspective, this collection centers on women and reproductive work as crucial to both our economic survival and the construction of a world free from the hierarchies and divisions capital has planted in the body of the world proletariat. Federici is clear that the commons should not be understood as happy islands in a sea of exploitative relations but rather autonomous spaces from which to challenge the existing capitalist organization of life and labor.

caliban and the witch pdf: Less is More Jason Hickel, 2020-08-13 'A powerfully disruptive book for disrupted times ... If you're looking for transformative ideas, this book is for you.' KATE RAWORTH, economist and author of Doughnut Economics A Financial Times Book of the Year

Our planet is in trouble. But how can we reverse the current crisis and create a sustainable future? The answer is: DEGROWTH. Less is More is the wake-up call we need. By shining a light on ecological breakdown and the system that's causing it, Hickel shows how we can bring our economy back into balance with the living world and build a thriving society

for all. This is our chance to change course, but we must act now.

'A masterpiece... Less is More covers centuries and continents, spans academic disciplines, and connects contemporary and ancient events in a way which cannot be put down until it's finished.' DANNY DORLING, Professor of Geography, University of Oxford
'Jason is able to personalise the global and swarm the mind in the way that insects used to in abundance but soon shan't unless we are able to heed his beautifully rendered warning.' RUSSELL BRAND
'Jason Hickel shows that recovering the commons and decolonizing nature, cultures, and humanity are necessary conditions for hope of a common future in our common home.' VANDANA SHIVA, author of *Making Peace With the Earth*
'This is a book we have all been waiting for. Jason Hickel dispels ecomodernist fantasies of green growth. Only degrowth can avoid climate breakdown. The facts are indisputable and they are in this book.' GIORGIS KALLIS, author of *Degrowth*
'Capitalism has robbed us of our ability to even imagine something different; Less is More gives us the ability to not only dream of another world, but also the tools by which we can make that vision real.' ASAD REHMAN, director of War on Want
'One of the most important books I have read ... does something extremely rare: it outlines a clear path to a sustainable future for all.' RAOUL MARTINEZ, author of *Creating Freedom*
'Jason Hickel takes us on a profound journey through the last 500 years of capitalism and into the current crisis of ecological collapse. Less is More is required reading for anyone interested in what it means to live in the Anthropocene, and what we can do about it.'
ALNOOR LADHA, co-founder of The Rules
'Excellent analysis...This book explores not only the systemic flaws but the deeply cultural beliefs that need to be uprooted and replaced.'
ADELE WALTON

caliban and the witch pdf: *In Letters of Blood and Fire* George Caffentzis, 2013-04-01 Karl Marx remarked that the only way to write about the origins of capitalism is in the letters of blood and fire used to drive workers from the common lands, forests, and waters in the sixteenth century. In this collection of essays, George Caffentzis argues that the same is true for the annals of twenty-first-century capitalism. Information technology, immaterial production, financialization, and globalization have been trumpeted as inaugurating a new phase of capitalism that puts it beyond its violent origins. Instead of being a period of major social and economic novelty, however, the course of recent decades has been a return to the fire and blood of struggles at the advent of capitalism. Emphasizing class struggles that have proliferated across the social body of global capitalism, Caffentzis shows how a wide range of conflicts and antagonisms in the labor-capital relation express themselves within and against the work process. These struggles are so central to the dynamic of the system that even the most sophisticated machines cannot liberate capitalism from class struggle and the need for labor. Themes of war and crisis permeate the text and are given singular emphasis, documenting the peculiar way in which capital perpetuates violence and proliferates misery on a world scale. This collection draws upon a careful rereading of Marx's thought in order to elucidate political concerns of the day. Originally written to contribute to the debates of the anticapitalist movement over the last thirty years, this book makes Caffentzis's writings readily available as tools for the struggle in this period of transition to a common future.

caliban and the witch pdf: *The Dark Side of Management* Gerard Hanlon, 2015-07-24 What isn't management and why doesn't it matter? This compelling book leads the reader away from the stories told by managers and management theories to show the secret history of the field. In characterizing the progress of management as a war on workers, this book offers a controversial and revealing alternative intellectual history of this overwhelming discipline. The author employs a unique range of theories and sources, including the founding fathers of management, US labour and social history, and earlier intellectual figures such as Marx and Weber alongside the contemporary insights of Foucault and European and American workerist and post-workerist thought, to shed light on the world of management. This book is key reading for researchers and students across the social sciences. With a controversial and stimulating approach, it also engages readers with a general interest in business and management issues. Are managers neoliberalism's executioners? Read more from this author [here](#).

caliban and the witch pdf: *The Structure of World History* Kojin Karatani, 2014-03-28 In this major, paradigm-shifting work, Kojin Karatani systematically re-reads Marx's version of world history, shifting the focus of critique from modes of production to modes of exchange. Karatani seeks to understand both Capital-Nation-State, the interlocking system that is the dominant form of modern global society, and the possibilities for superseding it. In *The Structure of World History*, he traces different modes of exchange, including the pooling of resources that characterizes nomadic tribes, the gift exchange systems developed after the adoption of fixed-settlement agriculture, the exchange of obedience for protection that arises with the emergence of the state, the commodity exchanges that characterize capitalism, and, finally, a future mode of exchange based on the return of gift exchange, albeit modified for the contemporary moment. He argues that this final stage—marking the overcoming of capital, nation, and state—is best understood in light of Kant's writings on eternal peace. *The Structure of World History* is in many ways the capstone of Karatani's brilliant career, yet it also signals new directions in his thought.

caliban and the witch pdf: *The Time of Money* Lisa Adkins, 2018-09-25 Speculation is often associated with financial practices, but *The Time of Money* makes the case that it not be restricted to the financial sphere. It argues that the expansion of finance has created a distinctive social world, one that demands a speculative stance toward life in general. Replacing a logic of extraction, speculation changes our relationship to time and organizes our social worlds to maximize the productive capacities of populations around flows of money for finance capital. Speculative practices have become a matter of survival, and defining features of our age are hardwired to their operations—stagnant wages, indebtedness, the centrality of women's earnings to the household, workfarism, and more. Examining five features of our contemporary economy, Lisa Adkins reveals the operations of this speculative rationality. Moving beyond claims that indebtedness is intrinsic to contemporary life and vague declarations that the social world has become financialized, Adkins delivers a precise examination of the relation between finance and society, one that is rich in empirical and analytical detail.

caliban and the witch pdf: *Made in Baja* Christian Zolniski, 2019-09-03 Much of the produce that Americans eat is grown in the Mexican state of Baja California, the site of a multibillion-dollar export agricultural boom that has generated jobs and purportedly reduced poverty and labor migration to the United States. But how has this growth affected those living in Baja? Based on a decade of ethnographic fieldwork, *Made in Baja* examines the unforeseen consequences for residents in the region of San Quintín. The ramifications include the tripling of the region's population, mushrooming precarious colonia communities lacking basic infrastructure and services, and turbulent struggles for labor, civic, and political rights. Anthropologist Christian Zolniski reveals the outcomes of growers structuring the industry around an insatiable demand for fresh fruits and vegetables. He also investigates the ecological damage—watercide—and the social side effects of exploiting natural resources for agricultural production. Weaving together stories from both farmworkers and growers, *Made in Baja* provides an eye-opening look at the dynamic economy developing south of the border.

caliban and the witch pdf: *Witchcraze* Anne Llewellyn Barstow, 1994 Explores the annihilation of seven million women of spirit and intelligence under the guise of 'witch hunts' in Reformation Europe

caliban and the witch pdf: *Empire of Capital* Ellen Meiksins Wood, 2005-01-17 What does imperialism mean in the absence of colonial conquest and imperial rule?

caliban and the witch pdf: *Foucault with Marx* Jacques Bidet, 2016-04-15 With this timely commitment, Jacques Bidet unites the theories of arguably the world's two greatest emancipatory political thinkers. In this far-reaching and decisive text, Bidet examines Marxian and Foucauldian criticisms of capitalist modernity. For Marx, the intersection between capital and the market is crucial, while for Foucault, the organizational aspects of capital are what really matter. According to Marx, the ruling class is identified with property; with Foucault, it is the managers who hold power and knowledge that rule. Bidet identifies these two sides of capitalist modernity as 'market' and

'organization', showing that each leads to specific forms of social conflict; against exploitation and austerity, over wages and pensions on the one hand, and against forms of 'medical' and work-based discipline, control of bodies and prisons on the other. Bidet's impetus and clarity however serve a greater purpose: uniting two souls of critical social theory, in order to overcome what has become an age-long separation between the 'old left' and the 'new social movements'.

caliban and the witch pdf: Compañeras Hilary Klein, 2015-02-24 *Compañeras* is the untold story of women's involvement in the Zapatista movement, the indigenous rebellion that has inspired grassroots activists around the world for over two decades. Gathered here are the stories of grandmothers, mothers, and daughters who became guerilla insurgents and political leaders, educators and healers—who worked collectively to construct a new society of dignity and justice. *Compañeras* shows us how, after centuries of oppression, a few voices of dissent became a force of thousands, how a woman once confined to her kitchen rose to conduct peace negotiations with the Mexican government, and how hundreds of women overcame ingrained hardships to strengthen their communities from within.

caliban and the witch pdf: Social Reproduction Theory Tithi Bhattacharya, 2017 Crystallizing the essential principles of social reproductive theory, this anthology provides long-overdue analysis of everyday life under capitalism. It focuses on issues such as childcare, healthcare, education, family life, and the roles of gender, race, and sexuality—all of which are central to understanding the relationship between exploitation and social oppression. Tithi Bhattacharya brings together some of the leading writers and theorists, including Lise Vogel, Nancy Fraser, and Susan Ferguson, in order for us to better understand social relations and how to improve them in the fight against structural oppression.

caliban and the witch pdf: Marx and Feminism Selma James, 1994

caliban and the witch pdf: *Gender Hate Online* Debbie Ging, Eugenia Siapera, 2019-07-12 *Gender Hate Online* addresses the dynamic nature of misogyny: how it travels, what technological and cultural affordances support or obstruct this and what impact reappropriated expressions of misogyny have in other cultures. It adds significantly to an emergent body of scholarship on this topic by bringing together a variety of theoretical approaches, while also including reflections on the past, present, and future of feminism and its interconnections with technologies and media. It also addresses the fact that most work on this area has been focused on the Global North, by including perspectives from Pakistan, India and Russia as well as intersectional and transcultural analyses. Finally, it addresses ways in which women fight back and reclaim online spaces, offering practical applications as well as critical analyses. This edited collection therefore addresses a substantial gap in scholarship by bringing together a body of work exclusively devoted to this topic. With perspectives from a variety of disciplines and geographic bases, the volume will be of major interest to scholars and students in the fields of gender, new media and hate speech.

caliban and the witch pdf: Criminal Capital Andrew Sanchez, 2016-04-14 *Criminal Capital* explores the relationship between neoliberalism, criminality and the reshaping of class in modern India. It discusses how the political vocabularies of urban industrial workers reflect the processes by which power is distributed across the region. Based upon field research among a 'casualised' workforce in the industrial city of Jamshedpur, the book examines the links between the decline of employment security, and criminality in trade unions, corporations and the state. The volume compares popular discourses of corruption against the ethnography of local labour politics, business enterprise and debt collection, and shows how corruption and criminality consolidate class power in industrial environments. Using an interdisciplinary ethnographic approach, this study interrogates the relationship between capitalism, corruption, violence and labour politics in contemporary Indian society. An important intervention in the study of Indian political economy, this work will be of interest to scholars and researchers of Indian politics, social anthropology, economics, labour relations and criminology.

caliban and the witch pdf: Feminist International Veronica Gago, 2020-11-17 *Leader of Latin America's powerful new women's movement* rethinks the meaning of feminist politics Recent years

have seen massive feminist mobilizations in virtually every continent, overturning social mores and repressive legislation. In this brilliant and original look at the emerging feminist international, Verónica Gago explores how the women's strike, as both a concept and collective experience, may be transforming the boundaries of politics as we know it. At once a gripping political analysis and a theoretically charged manifesto, *Feminist International* draws on the author's rich experience with radical movements to enter into ongoing debates in feminist and Marxist theory: from social reproduction and domestic work to the intertwining of financial and gender violence, as well as controversies surrounding the neo-extractivist model of development, the possibilities and limits of left populism, and the ever-vexed nexus of gender-race-class. Gago asks what another theory of power might look like, one premised on our desire to change everything.

caliban and the witch pdf: *Hag-Seed* Margaret Atwood, 2016-10-11 NEW YORK TIMES BESTSELLER • The beloved author of *The Handmaid's Tale* reimagines Shakespeare's final, great play, *The Tempest*, in a gripping and emotionally rich novel of passion and revenge. "A marvel of gorgeous yet economical prose, in the service of a story that's utterly heartbreaking yet pierced by humor, with a plot that retains considerable subtlety even as the original's back story falls neatly into place."—The New York Times Book Review Felix is at the top of his game as artistic director of the Makeshiweg Theatre Festival. Now he's staging a *Tempest* like no other: not only will it boost his reputation, but it will also heal emotional wounds. Or that was the plan. Instead, after an act of unforeseen treachery, Felix is living in exile in a backwoods hovel, haunted by memories of his beloved lost daughter, Miranda. And also brewing revenge, which, after twelve years, arrives in the shape of a theatre course at a nearby prison. Margaret Atwood's novel take on Shakespeare's play of enchantment, retribution, and second chances leads us on an interactive, illusion-ridden journey filled with new surprises and wonders of its own. Praise for *Hag-Seed* "What makes the book thrilling, and hugely pleasurable, is how closely Atwood hews to Shakespeare even as she casts her own potent charms, rap-composition included. . . . Part Shakespeare, part Atwood, *Hag-Seed* is a most delicate monster—and that's 'delicate' in the 17th-century sense. It's delightful."—Boston Globe "Atwood has designed an ingenious doubling of the plot of *The Tempest*: Felix, the usurped director, finds himself cast by circumstances as a real-life version of Prospero, the usurped Duke. If you know the play well, these echoes grow stronger when Felix decides to exact his revenge by conjuring up a new version of *The Tempest* designed to overwhelm his enemies."—Washington Post "A funny and heartwarming tale of revenge and redemption . . . *Hag-Seed* is a remarkable contribution to the canon."—Bustle

caliban and the witch pdf: A Companion to the Anthropology of Africa Roy Richard Grinker, Stephen C. Lubkemann, Christopher B. Steiner, Euclides Gonçalves, 2019-02-06 An essential collection of scholarly essays on the anthropology of Africa, offering a thorough introduction to the most important topics in this evolving and diverse field of study The study of the cultures of Africa has been central to the methodological and theoretical development of anthropology as a discipline since the late 19th-century. As the anthropology of Africa has emerged as a distinct field of study, anthropologists working in this tradition have strived to build a disciplinary conversation that recognizes the diversity and complexity of modern and ancient African cultures while acknowledging the effects of historical anthropology on the present and future of the field of study. *A Companion to the Anthropology of Africa* is a collection of insightful essays covering the key questions and subjects in the contemporary anthropology of Africa with a key focus on addressing the topics that define the contemporary discipline. Written and edited by a team of leading cultural anthropologists, it is an ideal introduction to the most important topics in the field, both those that have consistently been a part of the critical dialogue and those that have emerged as the central questions of the discipline's future. Beginning with essays on the enduring topics in the study of African cultures, *A Companion to the Anthropology of Africa* provides a foundation in the contemporary critical approach to subjects of longstanding interest. With these subjects as a groundwork, later essays address decolonization, the postcolonial experience, and questions of modern identity and definition, providing representation of the diverse thinking and scholarship in

the modern anthropology of Africa.

caliban and the witch pdf: *Reproductive Politics and the Making of Modern India* Mytheli Sreenivas, 2021-05-03 Open-access edition: DOI 10.6069/9780295748856 Beginning in the late nineteenth century, India played a pivotal role in global conversations about population and reproduction. In *Reproductive Politics and the Making of Modern India*, Mytheli Sreenivas demonstrates how colonial administrators, postcolonial development experts, nationalists, eugenicists, feminists, and family planners all aimed to reform reproduction to transform both individual bodies and the body politic. Across the political spectrum, people insisted that regulating reproduction was necessary and that limiting the population was essential to economic development. This book investigates the often devastating implications of this logic, which demonized some women's reproduction as the cause of national and planetary catastrophe. To tell this story, Sreenivas explores debates about marriage, family, and contraception. She also demonstrates how concerns about reproduction surfaced within a range of political questions—about poverty and crises of subsistence, migration and claims of national sovereignty, normative heterosexuality and drives for economic development. Locating India at the center of transnational historical change, this book suggests that Indian developments produced the very grounds over which reproduction was called into question in the modern world. The open-access edition of *Reproductive Politics and the Making of Modern India* is freely available thanks to the TOME initiative and the generous support of The Ohio State University Libraries.

caliban and the witch pdf: *The Routledge History of Literature in English* Ronald Carter, John McRae, 2001 This is a guide to the main developments in the history of British and Irish literature, charting some of the main features of literary language development and highlighting key language topics.

caliban and the witch pdf: *Joyful Militancy* Carla Bergman, Nick Montgomery, 2017-10-30 Absolutely what we need in these days of spreading gloom. —John Holloway, author of *Crack Capitalism* A guide to a fulfilling militant life. —Michael Hardt, co-author of *Assembly* Rigid radicalism is the congealed and debilitating practices that suck life and inspiration from the fight for a better world. *Joyful Militancy* investigates how fear, self-righteousness, and moralism infiltrate and take root within liberation movements, what to do about them, and ultimately how tenderness and vulnerability can thrive alongside fierce militant commitment. Carla Bergman co-edited *Stay Solid: A Radical Handbook For Youth*. Nick Montgomery is an organizer and writer currently at Queen's University.

caliban and the witch pdf: *The Beginning of History* Massimo De Angelis, 2007 Analyses new political economy theory and its role in bringing about radical social change

caliban and the witch pdf: *Crack Capitalism* John Holloway, 2010-06-15 *Crack Capitalism*, argues that radical change can only come about through the creation, expansion and multiplication of weak points, or cracks in the capitalist system. John Holloway's previous book, *Change the World Without Taking Power*, sparked a world-wide debate among activists about the most effective methods of resisting capitalism. Now Holloway rejects the idea of a disconnected plurality of struggles and finds a unifying contradiction -- the opposition between the time we spend working as part of the system and our excess doing where we revolt and refuse to be subsumed. Clearly and accessibly presented in the form of 33 theses, *Crack Capitalism* is set to reopen the debate among radical scholars and activists seeking to break capitalism.

caliban and the witch pdf: *Motherhood in Patriarchy* Mariam Irene Tazi-Preve, 2013-06-19 „Motherhood in Patriarchy“ pioneers the argument that the current Western understanding of motherhood is a patriarchal one based on a long historical tradition of subjection and institutionalization. The book makes an important contribution to women's studies on reproduction, feminist theory, motherhood and welfare politics, and offers alternative perspectives.

caliban and the witch pdf: *Epistemologies of the South* Boaventura de Sousa Santos, 2015-11-17 This book explores the concept of 'cognitive injustice': the failure to recognise the different ways of knowing by which people across the globe run their lives and provide meaning to

their existence. Boaventura de Sousa Santos shows why global social justice is not possible without global cognitive justice. Santos argues that Western domination has profoundly marginalised knowledge and wisdom that had been in existence in the global South. She contends that today it is imperative to recover and valorize the epistemological diversity of the world. Epistemologies of the South outlines a new kind of bottom-up cosmopolitanism, in which conviviality, solidarity and life triumph against the logic of market-ridden greed and individualism.
