film sooper irani: Reading Lolita in Tehran Azar Nafisi, 2003-12-30 #1 NEW YORK TIMES BESTSELLER • We all have dreams—things we fantasize about doing and generally never get around to. This is the story of Azar Nafisi's dream and of the nightmare that made it come true. For two years before she left Iran in 1997, Nafisi gathered seven young women at her house every Thursday morning to read and discuss forbidden works of Western literature. They were all former students whom she had taught at university. Some came from conservative and religious families, others were progressive and secular; several had spent time in jail. They were shy and

uncomfortable at first, unaccustomed to being asked to speak their minds, but soon they began to open up and to speak more freely, not only about the novels they were reading but also about themselves, their dreams and disappointments. Their stories intertwined with those they were reading—*Pride and Prejudice*, *Washington Square*, *Daisy Miller* and *Lolita*—their *Lolita*, as they imagined her in Tehran. Nafisi's account flashes back to the early days of the revolution, when she first started teaching at the University of Tehran amid the swirl of protests and demonstrations. In those frenetic days, the students took control of the university, expelled faculty members and purged the curriculum. When a radical Islamist in Nafisi's class questioned her decision to teach *The Great Gatsby*, which he saw as an immoral work that preached falsehoods of "the Great Satan," she decided to let him put *Gatsby* on trial and stood as the sole witness for the defense. Azar Nafisi's luminous tale offers a fascinating portrait of the Iran-Iraq war viewed from Tehran and gives us a rare glimpse, from the inside, of women's lives in revolutionary Iran. It is a work of great passion and poetic beauty, written with a startlingly original voice. Praise for *Reading Lolita in Tehran* "Anyone who has ever belonged to a book group must read this book. Azar Nafisi takes us into the vivid lives of eight women who must meet in secret to explore the forbidden fiction of the West. It is at once a celebration of the power of the novel and a cry of outrage at the reality in which these women are trapped. The ayatollahs don't know it, but Nafisi is one of the heroes of the Islamic Republic."—Geraldine Brooks, author of *Nine Parts of Desire*

film sooper irani: Iranian Cinema Hamid Reza Sadr, 2006-09-29 Recent, post-revolutionary Iranian cinema has of course gained the attention of international audiences who have been struck by its powerful, poetic and often explicitly political explorations. Yet mainstream, pre-revolutionary

Iranian cinema, with a history stretching back to the early twentieth century, has been perceived in the main as lacking in artistic merit and, crucially, as apolitical in content. This highly readable history of Iran as revealed through the full breadth of its cinema re-reads the films themselves to tell the full story of shifting political, economic and social situations. Sadr argues that embedded within even the seemingly least noteworthy of mainstream Iranian films, we find themes and characterisations which reveal the political contexts of their time and which express the ideological underpinnings of a society. Beginning with the introduction of cinema to Iran through the Iranian monarchy, the book covers the broad spectrum of Iran's cinema, offering vivid descriptions of all key films. Iranian Cinema looks at recurring themes and tropes, such as the rural versus the 'corrupt' city and, recently, the preponderance of images of childhood, and asks what these have revealed about Iranian society. The author brings the story up to date explaining Iranian filmmaking after the events of September 11, from Mohsen Makhmalbaf's astonishing Kandahar to Sadiq Barmak's angry work Osama, to explore this most recent and breathtaking revival in Iranian cinema.

The essays in this volume work to realize the radical societal democratization that shows up in amateur cinema around the world. In particular, diverse contributors highlight the significance of amateur filmmaking, the exhibition of amateur films, the uses and availability of film technologies, and the inventive and creative approaches of filmmakers and advocates of amateur film. Together, these essays shed new light on alternative cinema in a wide range of cities and countries where amateur films thrive in the shadow of commercial and conventional film industries.

film sooper irani: Cycling and Cinema Bruce Bennett, 2019-04-30 A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. *Cycling and Cinema* explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are used in films, Bennett

reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class, nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

film sooper irani: Transformations Helen Schwartzman, 2012-12-06 Writing a book about play leads to wondering. In writing this book, I wondered first if it would be taken seriously and then if it might be too serious. Eventually, I realized that these concerns were cast in terms of the major dichotomy that I wished to question, that is, the very pervasive and very inaccurate division that Western cultures make between play and seriousness (or play and work, fantasy and reality, and so forth). The study of play provides researchers with a special arena for re-thinking this opposition, and in this book an attempt is made to do this by reviewing and evaluating studies of children's transformations (their play) in relation to the history of anthropologists' transformations (their theories). While studying play, I have wondered in the company of many individuals. I would first like to thank my husband, John Schwartzman, for acting as both my strongest supporter and, as an anthropological colleague, my severest critic. His sense of nonsense is always novel as well as instructive. I am also very grateful to Linda Barbera-Stein for her Sherlock Holmes style help in locating obscure references, checking and cross-checking information, and patience and persistence in the face of what at times appeared to be bibliographic chaos. I also owe special thanks to my teachers of anthropology-Paul J. Bohannon, Johannes Fabian, Edward T. Hall, and Roy Wagner-whose various orientations have directly and indirectly influenced the approach presented in this book.

film sooper irani: Good Muslim Boy Osamah Sami, 2015-05-01 Good Muslim Boy tells the story of Osamah Sami's journey from Iran during the Iraq war to the suburbs of Australia and his quest to fit into his new life whilst trying to stay a good Muslim boy. In turns comic and tragic, Osamah's story explores the universal truths of growing up, falling in love, marriage, family and following one's dream; whilst also telling the immigrant's story of straddling two cultures and the difficult expectations of family and faith versus fitting in. Osamah begins by recounting his youth under Islamic rule in Iran: the mischievous antics that he and his friends would get up to, and the lengths they would go to for a little contact with girls – resulting in hilarious reprimands from the 'Piety Police'. But the inescapable impacts of war are never far away and Osmah details the trauma his family suffered from the violence in Iran and their desperation to reach safer shores in Australia. Cut to Australia years later where Osamah is pretending to attend university after lying to his family about his final high school results, afraid of the shame it will cause to learn that their son didn't make it into medical school. While embroiled in his lie, Osamah meets the girl of his dreams – but as neither of their parents would approve of their relationship, they must carry out their affair in secret... What ensues must be read to be believed, an arranged marriage is escaped; true love is embraced; and an acting career evolves, as Osamah goes on the road staging a show entitled 'Saddam The Musical'. With a distinct authorial voice, Osamah Sami's A Good Muslim Boy unfolds and enchants us; both funny and entertaining, we are enlightened, shocked, saddened, made to laugh, and ultimately uplifted in a tale that couldn't come at a more prescient time.

film sooper irani: Global Neorealism Saverio Giovacchini, Robert Sklar, 2011-10-11

Contributions by Nathaniel Brennan, Luca Caminati, Silvia Carlorosi, Caroline Eades, Saverio Giovacchini, Paula Halperin, Neepa Majumdar, Mariano Mestman, Hamid Naficy, Sada Niang, Masha Salazkina, Sarah Sarzynski, Robert Sklar, and Vito Zagarrìo Intellectual, cultural, and film historians have long considered neorealism the founding block of post-World War II Italian cinema. Neorealism, the traditional story goes, was an Italian film style born in the second postwar period and aimed at recovering the reality of Italy after the sugarcoated moving images of fascism. Lasting from 1945 to the early 1950s, neorealism produced world-renowned masterpieces such as Roberto Rossellini's *Roma, città aperta* (Rome, Open City, 1945) and Vittorio De Sica's *Ladri di biciclette* (Bicycle Thieves, 1947). These films won some of the most prestigious film awards of the immediate postwar period and influenced world cinema. This collection brings together distinguished film scholars and cultural historians to complicate this nation-based approach to the history of neorealism. The traditional story notwithstanding, the meaning and the origins of the term are problematic. What does neorealism really mean, and how Italian is it? Italian filmmakers were wary of using the term and Rossellini preferred realism. Many filmmakers confessed to having greatly borrowed from other cinemas, including French, Soviet, and American. Divided into three sections, *Global Neorealism* examines the history of this film style from the 1930s to the 1970s using a global and international perspective. The first section examines the origins of neorealism in the international debate about realist esthetics in the 1930s. The second section discusses how this debate about realism was "Italianized" and coalesced into Italian "neorealism" and explores how critics and film distributors participated in coining the term. Finally, the third section looks at neorealism's success outside of Italy and examines how film cultures in Latin America, Africa, Asia, and the United States adjusted the style to their national and regional situations.

film sooper irani: Where Truth Lies Kris Fallon, 2019-10-29 A free open access ebook is available upon publication. Learn more at www.luminosoa.org. This boldly original book traces the evolution of documentary film and photography as they migrated onto digital platforms during the first decades of the twenty-first century. Kris Fallon examines the emergence of several key media forms—social networking and crowdsourcing, video games and virtual environments, big data and data visualization—and demonstrates the formative influence of political conflict and the documentary film tradition on their evolution and cultural integration. Focusing on particular moments of political rupture, Fallon argues that the ideological rifts of the period inspired the adoption and adaptation of newly available technologies to encourage social mobilization and political action, a function performed for much of the previous century by independent documentary film. Positioning documentary film and digital media side by side in the political sphere, Fallon asserts that “truth” now lies in a new set of media forms and discursive practices that implicitly shape the documentation of everything from widespread cultural spectacles like wars and presidential elections to more invisible or isolated phenomena like the Abu Ghraib torture scandal or the “fake news” debates of 2016.

film sooper irani: Cinemas Dark and Slow in Digital India Lalitha Gopalan, 2021-03-16 This book provides a sustained engagement with contemporary Indian feature films from outside the mainstream, including Aaranaya Kaandam, I.D., Kaul, Chauthi Koot, Cosmic Sex, and Gaali Beeja, to undercut the dominance of Bollywood focused film studies. Gopalan assembles films from Bangalore, Chennai, Delhi, Kolkata, and Trivandrum, in addition to independent productions in Bombay cinema, as a way of privileging understudied works that deserve critical attention. The book uses close readings of films and a deep investigation of film style to draw attention to the advent of digital technologies while remaining fully cognizant of ‘the digital’ as a cryptic formulation for considering the sea change in the global circulation of film and finance. This dual focus on both the techno-material conditions of Indian cinema and the film narrative offers a fulsome picture of changing narratives and shifting genres and styles.

film sooper irani: Ida Lupino, Director Therese Grisham, Julie Grossman, 2017-05-23

Dominated by men and bound by the restrictive Hays Code, postwar Hollywood offered little support for a female director who sought to make unique films on controversial subjects. But Ida Lupino bucked the system, writing and directing a string of movies that exposed the dark underside of

American society, on topics such as rape, polio, unwed motherhood, bigamy, exploitative sports, and serial murder. The first in-depth study devoted to Lupino's directorial work, this book makes a strong case for her as a trailblazing feminist auteur, a filmmaker with a clear signature style and an abiding interest in depicting the plights of postwar American women. Ida Lupino, Director not only examines her work as a cinematic auteur, but also offers a serious consideration of her diverse and long-ranging career, getting her start in Hollywood as an actress in her teens and twenties, directing her first films in her early thirties, and later working as an acclaimed director of television westerns, sitcoms, and suspense dramas. It also demonstrates how Lupino fused generic elements of film noir and the social problem film to create a distinctive directorial style that was both highly expressionistic and grittily realistic. Ida Lupino, Director thus shines a long-awaited spotlight on one of our greatest filmmakers.

film sooper irani: *A Brief History of Comic Book Movies* Wheeler Winston Dixon, Richard Graham, 2017-01-05 *A Brief History of Comic Book Movies* traces the meteoric rise of the hybrid art form of the comic book film. These films trace their origins back to the early 1940s, when the first Batman and Superman serials were made. The serials, and later television shows in the 1950s and 60s, were for the most part designed for children. But today, with the continuing rise of Comic-Con, they seem to be more a part of the mainstream than ever, appealing to adults as well as younger fans. This book examines comic book movies from the past and present, exploring how these films shaped American culture from the post-World War II era to the present day, and how they adapted to the changing tastes and mores of succeeding generations.

film sooper irani: *Why Documentaries Matter* Nick Fraser, 2012 Documentaries have for many decades inhabited the schedules of public broadcasters. film sooper irani: Red Man's Land/white Man's Law Wilcomb E. Washburn, 1995 Red Man's Land/White Man's Law is a history of the legal status of the American Indians and their land from the period of first contact with Europeans down to the present day. It begins with the efforts of colonial authorities-Spanish, British, and French-to deal with tribal sovereignty and carries the discussion of U. S. -Indian legal relations through the nineteenth and twentieth centuries. Tribal sovereignty was eroded from the very beginning, but more recently it has emerged as a powerful force in American and Canadian law and touches upon many current legal issues, such as land allotment and land claims; definitions of Indian status; hunting, fishing, and water rights; and tribal relations with Congress, the Bureau of Indian Affairs, and the Canadian government. First published in 1971, this second edition contains a new preface and an extensive afterword discussing important legal events and issues in the last twenty-five years, making this a complete, up-to-date survey of legal relations between the United States and the American Indian.
