fleabag play pdf: New Television Martin Shuster, 2017-11-24 Even though it's frequently asserted that we are living in a golden age of scripted television, television as a medium is still not taken seriously as an artistic art form, nor has the stigma of television as "chewing gum for the mind" really disappeared. Philosopher Martin Shuster argues that television is the modern art form, full of promise and urgency, and in *New Television*, he offers a strong philosophical justification for its importance. Through careful analysis of shows including *The Wire*, *Justified*, and *Weeds*, among others; and European and Anglophone philosophers, such as Stanley Cavell, Hannah Arendt, Martin Heidegger, and John Rawls; Shuster reveals how various contemporary television series engage deeply with aesthetic and philosophical issues in modernism and modernity. What unifies the aesthetic and philosophical ambitions of new television is a commitment to portraying and exploring the family as the last site of political possibility in a world otherwise bereft of any other sources of traditional authority; consequently, at the heart of new television are profound political stakes.

I can't remember the last time I laughed so much reading a book. What an inventive and startling writer...I'm so glad I read this. I really think this book is remarkable." —David Sedaris From a formidably gifted writer (The New York Times Book Review), a book that asks: Is there life after the internet? As this urgent, genre-defying book opens, a woman who has recently been elevated to prominence for her social media posts travels around the world to meet her adoring fans. She is overwhelmed by navigating the new language and etiquette of what she terms the portal, where she grapples with an unshakable conviction that a vast chorus of voices is now dictating her thoughts. When existential threats—from climate change and economic precariousness to the rise of an unnamed dictator and an epidemic of loneliness—begin to loom, she posts her way deeper into the portal's void. An avalanche of images, details, and references accumulate to form a landscape that is post-sense, post-irony, post-everything. Are we in hell? the people of the portal ask themselves. Are we all just going to keep doing this until we die? Suddenly, two texts from her mother pierce the fray: Something has gone wrong, and How soon can you get here? As real life and its stakes collide with the increasingly absurd antics of the portal, the woman confronts a world that seems to contain both an abundance of proof that there is goodness, empathy, and justice in the universe, and a deluge of evidence to the contrary. Fragmentary and omniscient, incisive and sincere, No One Is Talking About This is at once a love letter to the endless scroll and a profound, modern meditation on love, language, and human connection from a singular voice in American literature.

fleabag play pdf: Bad Girls and Transgressive Women in Popular Television, Fiction, and Film Julie Chappell, Mallory Young, 2017-07-03 This collection of essays focuses on the representations of a variety of "bad girls"—women who challenge, refuse, or transgress the

patriarchal limits intended to circumscribe them—in television, popular fiction, and mainstream film from the mid-twentieth century to the present. Perhaps not surprisingly, the initial introduction of women into Western cultural narrative coincides with the introduction of transgressive women. From the beginning, for good or ill, women have been depicted as insubordinate. Today's popular manifestations include such widely known figures as Lisbeth Salander (the “girl with the dragon tattoo”), The Walking Dead's Michonne, and the queen bees of teen television series. While the existence and prominence of transgressive women has continued uninterrupted, however, attitudes towards them have varied considerably. It is those attitudes that are explored in this collection. At the same time, these essays place feminist/postfeminist analysis in a larger context, entering into ongoing debates about power, equality, sexuality, and gender.
